Tax Exemption Raised At Zoning Bd. Hearing On Conservation Camp

Owners Would Sell Property to Sisters of Charity as a Retreat

Rezoning of the former State Conservation Camp property on Fox Lake west of Lake Villa so that the Sisters of Charity may purchase it as a retreat will depend on whether the County Board of Supervisors continues its policy of keeping property on the tax rolls.

Robert E. Langford and Mrs. Howard L. Willett, owners of the property, appeared before the Lake County Zoning Board at Lake Villa Tuesday and asked a rezoning of the 29 acres and 22-room mansion from the residential to farming. Langford explained that through the sale of the building (He is asking \$120,000) and surrounding land to the order of nuns, whose headquarters are Dubuque, Ia., a desirable occupant would be obtained and the value of the property adjacent to and nearby would be enhanced.

There were no objectors, but the questioning of the Zoning Board was on the withdrawal of the land from taxation.

Atty. Earl Wasnecki, attorney for Langford, said that the property had been free from taxation all the time the Conservation Department had it, and only was placed back on the tax books this year. He said that it is his understanding that the Sisters of Charity are preparing to sell their property at Lilac Point, and that it would go back into taxation in exchange for this property.

Langford explained that the reason the Conservation Camp property did not go on the assessment roll last year was that the state had not cleared title. He said that the estate had been assessed erroneously, and it was necessary for the state to erase these charges before title could be given.

The report of the Board will be made to the County Supervisors next month.

Salem Central High Names Class Advisers And Officers for Year

Class advisers and officers for the 1957-58 school year have been chosen at Salem Central High School. They are:

SENIORS: Adviser—Miss Axtell; Assistant Adviser—Mr. Ferraro; President—Jean Rasch; Vice-President—Dave Poisl; Secretary—Karen Gitzlaff; Treasurer—Sandra Klemens; Student Council—Sheila Herda; Alternate—Carole Hlavacek and Reporter—Linda Krahn.

JUNIORS: Adviser—Mr. Doone; Assistant Adviser—Ralph Antes; President—Wayne Remus; Vice-President—Dave Ellis; Secretary—Shirley Frederking; Treasurer—Joyce Olson; Student Council—Gene Wierzag; Alternate—Aileen Terry and Reporter—Darlene Schultz.

SOPHOMORES: Adviser—Miss Leetink; Assistant Adviser—Mr. Alby; President—Eugene Schultz; Vice President—Ted Weidner; Secretary—Beverly Erickson; Treasurer—Ronnie Yates; Student Council—Fred Lenz; Alternate—Louise Cook; and Reporter—Donna Reiter.

FRESHMAN: Adviser—Mr. Sorenson; Assistant Adviser—Mr. Heyse; President—Frank Schauer; Vice President—Ronald Fassbinder; Secretary—Clarence Yonk; Treasurer—Patricia Taft; Student Council—Sherrill Beck; Alternate—John Garber, and Reporter—Gale Flaschner.

Elected District Editor
Sharon Norfleet, the reporter in our local Future Home-makers Chapter, was elected editor of District V at the state convention last June at Green Lake.

The first state officers' meeting was held on September 13th and 14th at the Hawkins High School, Hawkins, Wisconsin.

Sharon fell from a horse and fractured her skull just before school started, so she was unable to attend.

Barbara Day attended in her place. Miss Eileen Deetz, F. H. A. adviser, accompanied her. Sharon's duties for the year will be to collect news items from all F. H. A. chapters in District V which will be printed in the state "Teen Times", the F. H. A. publication.

Lions Fall Tournament At Red Barn Wednesday

The Antioch Lions Club will hold its fall golf tournament next Wednesday at the Red Barn Country Club at Twin Lakes, Wisconsin.

Non-players and guests will join the golfers at dinner following which prizes will be awarded. The club has a new plan this year by which each member will bring a prize to be awarded.

Friday, Oct. 11 Lucky

Friday, Oct. 11 will be a Lucky Day for shoppers of the Antioch area for Antioch merchants will stage their annual Harvest Festival Sale from 9 to 9 on that day. Sponsored by the Chamber of Commerce, the event will be one in which bargains will be offered without stint. The Chamber will issue a special publication full of advertising which will list the bargains. Reserve that date for a trip to Antioch stores.

Detour of Highway 173 Made While Overpass For Toll Road Started

The pavement of Rte. 173 near Rosecrans west of Rte. 41 has been torn up and a detour established for more than 1,000 feet in preparation for the new toll road that will cross under the highway at this point.

The east and west pavement will go over the toll road which will connect with Rte. 41 a short distance from the Illinois-Wisconsin state line. This will be a point of entrance and exit to the toll road south to Chicago. Completion is expected late in 1958.

In Racine and Kenosha counties in Wisconsin, Rte. 41 is being made into a freeway much like Edens expressway in Cook county.

More lanes are being added. The first contract in the highway improvement was awarded to the Wauwatosa firm of Joseph D. Bones, Inc. for construction of 6.4 miles of the expressway between Trunk N in Kenosha County and Rte. 11 in Racine county.

Houses and barns along the way have been sold and will be removed to make way for local roads paralleling the expressway.

Wilmot at East Troy Ties Mukwonago 6-6

After playing a listless game during the first half, the Wilmot Panthers bounced back in the second half and gained a 6-6 tie with the tough Mukwonago Indians Friday.

The Indians were pointed toward a conference championship this year, but Coach Frank Buccini's boys decided the visitors needed a detour.

Mukwonago played most of the first half in Wilmot territory and only penalties and fumbles kept them from running up a score.

Encouraged by these breaks, the Panthers, with the score 6-0 against them, came back in the second half and by holding a firm line and punting far, managed to work to the Indian territory. Then Greg Bush hit a 21 yard pass to Jack LaMeer for a touchdown on the fourth down and the score was tied. The kick for the extra point went wide and a victory was lost.

Coach Buccini used but 14 players while Coach Cal Danielson of Mukwonago used two platoons.

The Panthers will play East Troy there tomorrow night, and hope for a victory there.

Cleaning Is His Donation

The names of donors to the Rescue Squad fund appear annually in The Antioch News, but the name of one who has done much for the squad in the past few years never appears.

He is Louis Mowen, proprietor of the Chain of Lakes Cleaners, who does all of the cleaning of the squad's equipment such as blankets without charge. This takes the place of a cash donation and is just as effective.

Antioch Assessment Roll Is Published

The assessment roll of the Town of Antioch as fixed by the assessor, appears on pages 13 to 18 of today's issue of the Antioch News. Every resident of the Town of Antioch, which includes the Village of Antioch should make it a point to check up on the amount of his assessment.

Any property owner who objects to the amount of his valuation should file a formal complaint with the Board of Review within 10 days from the date of publication of this assessment roll.

V.F.W. Beats Legion In Soft Ball Game at Little League Park

The Antioch Post of the American Legion accepted Sequoit Post of the Veterans of Foreign Wars challenge to a softball game, which was played last Sunday at the Little League Park in Antioch.

The V.F.W. came out on the long end of what appears to be a football score—19 to 10. There was no official score, so no one knows how many hits and errors were made. Even if there had been a scorer an adding machine would have been needed.

Lorraine Pape, the feminine member of the Legion was their starting pitcher, but her curves didn't fool the opposition, and she gave way to Bill Lahti. Doc G. W. Jensen finished for the Legion. Fred Gras went all the way for the V.F.W.

Regardless of all the runs, hits and errors everyone was in a good mood and there were plenty of laughs, also doubtless plenty of sore muscles the next day.

Famous last words of Bill Lahti: "We will challenge you fellows in the spring." That's something to look forward to.

Players for the American Legion were Lorraine Pape, Doc G. W. Jensen, Otto Hanke, Art Hanke, Nick Gillo, Les Dietz, W. V. Lahti, Geo. Swenson, and Herbert Litchfield. V. F. W. players were: Richard Burnette, Fred Gras, Robt. Hansan, A. L. Kersten, Virgil Burnette, Robt. Strang, Ed. Palinski, Herbert Canty, and James Mueller.

Umpires were—behind the plate, Henry Pape; on the bases, J. Passarelle.

Salem at Union Grove; Loses to Horlick 19-6

Salem Central will take to the road Friday in playing Union Grove.

The non-conference match will see the Falcons gunning for their first victory in contrast to Union Grove's victory over St. Mary's of Kenosha and Pewaukee. The scores were 19-0 and 27-0 respectively.

Coach Dorn Gram's boys will have to stifle the speedy Louis Holland and the accurate bullet passing of Jerry Spruchs.

The Falcons gave Racine's Horlick High a better game Friday than the 19-6 defeat indicated. Salem made 11 first downs to Horlick's four, but it was the running of Don Matt, Racine's sophomore and half back Steve Zold, fullback, that made the back a punt 55 yards, and Zold ran 60 yards.

In the last half the Falcons held Horlick even 6-6. Coach Gram is quite pleased with the way his team is progressing.

Other games ahead of Salem Central this year are:
Oct. 4—At Port Washington
Oct. 11—At Brookfield
Oct. 18—Watertown here. (Homecoming.)
Oct. 25—Menominee Falls here.
Nov. 1—Cedarburg there
Nov. 5—At St. Mary's of Burlington.

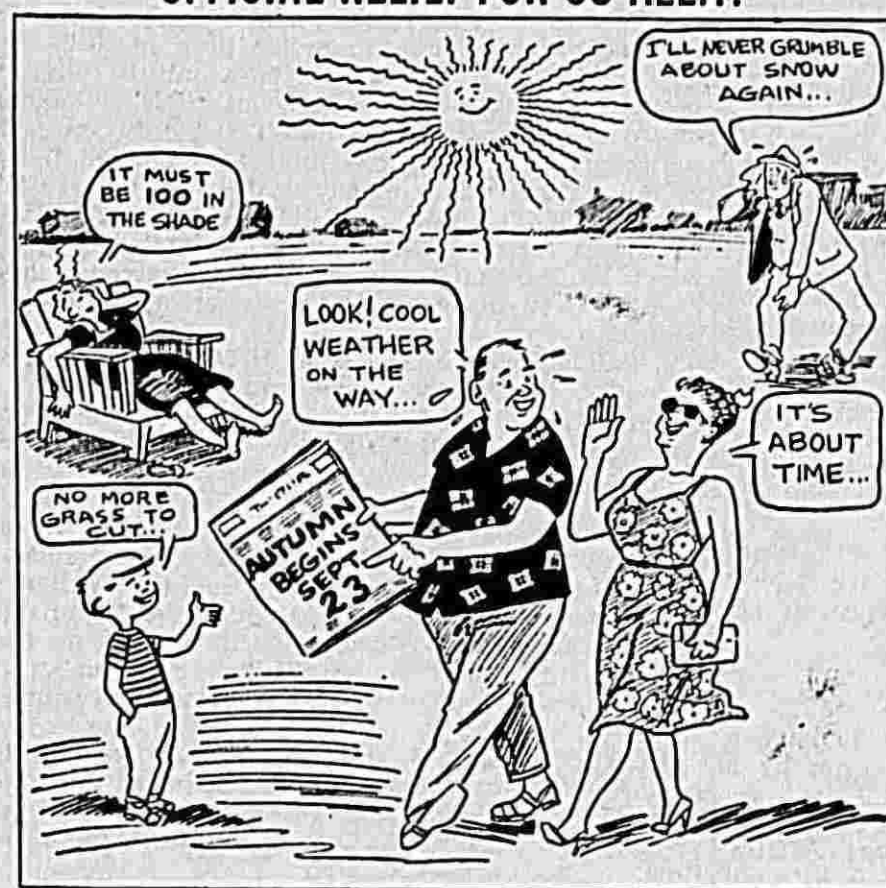

Mrs. Delaney's Mother, Mrs. Lucy Egner, Dies

Mrs. Lucy Egner, 78, mother of Mrs. Walter Delaney of Antioch died Monday at St. Anne's Home in Techny, Ill., as the result of shock that accompanied a fall in which her hip was broken.

Mrs. Egner made her home for a few years with her daughter, Mrs. Delaney, and had many friends and acquaintances here.

The funeral service was held at 10 a. m. today in Chicago with interment at St. Boniface cemetery, Chicago.

OFFICIAL RELIEF FOR US ALL...

Committees at Work Planning Homecoming At Antioch High School on October 4 and 5

Need for Extension Courses in Education Surveyed for Antioch

An effort to ascertain how many teachers or prospective teachers would want to take extension courses in education from Northern Illinois State University if they could be taught through evening classes in Antioch is being made by Mrs. Ruth Trussell of Antioch.

Mrs. Trussell and 26 other prospective students were unable to enroll in the extension courses at Waukegan Monday evening because all classes were filled.

Through the extension plan, professors would come from DeKalb to some designated place, usually a public school building once or twice a week in conducting the classes.

Mrs. Trussell has asked that all persons interested in enrolling for courses call her at Antioch 227-M-2 and if there are enough she will contact the University and arrange for the instruction.

The courses give credits for positions as teachers and may be a means of gaining certificates for teaching or advancement in the field.

Adult Evening School To Start October 7th

The Antioch Township High School Adult Evening School is set to get underway with registration at 7:30 p. m. Monday, Oct. 7. Prospective students are to come to the office for information about finding their instructors.

Most courses will meet for a two hour session each week for a period of ten weeks. The meeting night for each class will be decided by those enrolling. Ten students must register before the course may be offered.

Subjects being offered are wood-working, homemaking, typing, public speaking and driver training.

Cub Scout Pack Holds First Meeting Friday; Den Mothers Listed

Cub Scout Pack 92 will hold the first Pack Meeting of the year at 7:30 p. m. tomorrow (Friday) in the Grade School Gym.

This year there are eight Dens participating, with a total enrollment of sixty five boys.

Den mothers are:

Den 1—Mary Bruski and Ethel Elsey
Den 2—Marion Strang and Fran Mongan
Den 3—Norma Meierdick
Den 4—Ramona Crandall and Rosemary Eckert

Den 5—Curt Ipsen
Den 6—Pearl Taylor
Den 7—Ruby Horton
The Webelans are under the direction of Joe Hellstern and Clarence Groeninger.

Leylan Ipsen, the cubmaster will expect the names of any interested boys from the age of 8 through 10. They may contact him by calling 282-J-2.

Last Saturday, Mr. Ipsen and Mrs. Eckert attended the "Train the Trainer" session at Camp Henry Horner, under the direction of the North Shore Area Council.

If there are any adults who would be interested in becoming den mothers, or committeemen Pack 92 would be glad to accept their applications. For further information contact the cubmaster or Joseph Hellstern at 186-W-1.

FREE MOVIE TICKETS

You may be the receiver of free movie tickets if your name is listed in this newspaper. It will pay you to look there for the announcement.

Sequoits Meet Warren There Friday Night; Beat Wauconda 21-0

Antioch Line Is Uncrossed; Frosh-Soph Win from Bulldogs 40 to 0

Coach Robert Walther's Sequoits will carry their Comhawks and medicine men to Gurnee tomorrow evening for a battle with the Warren High Blue Devils, a 26-20 winner over Ela Vernon last week.

Antioch will be aware of Warren's style which features a strong passing game using the Chicago Hams slot formation.

The Sequoits continued their winning ways last Saturday night by defeating Wauconda here 21 to 0. The Sequoits goal line has yet to be crossed this season.

Antioch scored touchdowns in the first three quarters in addition to a safety. In the fourth quarter Coach Walther took advantage of the lead to clean the bench in giving his entire squad a chance to play.

Antioch's first score was set up by a Bulldog fumble. Dick Gudgeon went around left end for four yards and the touchdown. George Lystlund tossed a pass to Ed Kadlec for the extra point.

In the second quarter the Sequoits scored again, this time on Dick Gudgeon's 17-yard run around left end. Lystlund's kick was wide and the score stood 13-0. Later in this quarter LeRoy Gallagher caught Quarterback Freund of Wauconda in the end zone for a safety and an extra two points.

Antioch's final score in the third quarter was sparked by a 17-yard run by Bill Hart to the one-yard line from which Lystlund plunged across for the touchdown. He failed to convert however, and the score 21 to 0 stood for the rest of the game.

The Sequoits' outdistanced the Bulldogs in game statistics. They amassed 175 yards by running to Wauconda's 60 and 96 yards through the air to Wauconda's 17, a total of 271 to 77.

Antioch's passing was a little weak, the 18 attempts bringing but five completions and five interceptions. Wauconda had seven attempts, two completions and one interception.

Gains made in the running attack were as follows: Roach 8 tries for 28 yards, an average of 3.5 yards; Pyle 10-33-3.3; Hart 5-25-5; Lystlund 10-48-4.8; Gudgeon 5-29-5.8; Cote 1-6-6; and Portalski 1-6-6.

FROSH-SOPH WIN 40-0.
In the preliminary the Antioch Frosh-Soph team made a strong impression on the crowd by its 40 to 0 defeat of the Wauconda underclassmen.

It was the second time the Papooses held their opponents scoreless this year. Antioch having defeated Wilmot there a week ago Monday 19 to 0.

In Saturday's game the running attack of Fullback Wes Merryman, and Halfback Chip Eberman, and the passing of Dick Wolf and Jerry Dahman, quarterbacks, were outstanding.

At the same time the Antioch line was tough from end to end. Phil Mitchell, Bob Martin, and Gary Williams stopped the Wauconda forward wall cold.

Heinzelman Estate Filed for Probate

The \$150,000 estate of Charles J. Heinzelman, 75, of Cross Lake, was admitted to record in Probate Court at Waukegan Monday.

Mr. Heinzelman, president of the Hubbell Corp., at Mundelein, died August 2nd in his office.

The will names his widow, Evelyn C. Heinzelman, Antioch; a son, John A. Heinzelman, McHenry; and a granddaughter, Marion E. Goeway, Antioch as the major heirs.

Small bequests go to the Christian Science Society and Edward B. LaPlante, Lake Marie.

Village to Receive Bids for Construction of Steel Storage Building at Meeting on Oct. 8

Truck, Furnace Fires Need Firemen's Calls

The Antioch Fire department extinguished a blaze in a panel truck of the McHenry Grave Co. at Grass Lake bridge at 4:15 p. m. yesterday. The truck caught fire from its own exhaust.

Chief Edgar Simonsen estimated the damage at \$200.

Other calls recently received by the firemen were last Friday to Felter's Subdivision where an overheated stove did no damage, and on Sept. 16 to the T. B. Hunter residence on Edwards road where at 9:45 a. m. an oil furnace became overheated and set fire to the floor joists.

Sealed bids for the construction of a steel storage building will be opened by the Village Board at a special meeting at 8 p. m. Oct. 8 at the Village hall.

Specifications for the structure may be obtained from C. B. Shultis, village clerk after his return from vacation next Monday, or may be obtained this week from Trustee John Blackman, of the public building committee.

The building will be erected on village ground near the sewage disposal plant and will house village street and other equipment.

Village trustees have come to the same conclusion that other villages and cities have, and that it is poor policy to leave equipment out in the open where the elements may damage it.

"Royal Thievery"

Discussing the penalties imposed on the pocket-books of the people by inflation, John S. Knight, editor of the Chicago Daily News shows that:

It robs the worker of his pension security.

It robs the man who has invested in government securities as part of his savings.

It robs the dependents of veterans who depend upon insurance.

It robs widows and children of all people who have tried to provide for their families through insurance.

It makes Social Security a fraud.

It cuts down the amount of goods that can be purchased by the growing army of old people.

And finally, Mr. Knight declares, it robs everyone who is dependent upon a fixed income from investments.

In the face of this, our senators and representatives go merrily on deflating the dollar by federal extravagance and waste—the process has been accurately termed "Royal Thievery."

* * *

Your Stake in Foreign Trade

You don't have to live on an ocean to have a big stake in this country's foreign trade—not by a long shot.

Take Wisconsin as an example.

According to the publication Maritime Affairs, a third of Wisconsin's total employment is affected directly or indirectly by world trade. This means that more than 313,000 Wisconsin employees, with an income of \$1.5 billion, work in industries that depend on U. S. merchant ships to help carry a substantial portion of their products overseas. In addition 130,000 persons on Wisconsin dairy farms are also heavily engaged in foreign trade. Last year the state's machinery exports came to \$175 million; her automobile exports to \$45 million; her paper product exports to \$20 million; her dairy product exports to \$18 million, and so on down the long list.

The impact of foreign trade on the economy of the leading Wisconsin industrial city of Racine has been the subject of research. Good examples are provided by two large farm implement companies. One of them estimates that 10 to 12 per cent of its Racine manufactured farm equipment goes to overseas markets. And the city's exports are not confined to the products of heavy industry. Light industry is well represented too—with products ranging from hair clippers and tools to puzzles, wrapping paper and insecticides.

Next time you see a merchant ship flying the U. S. flag—either in actuality or a picture—you might profitably reflect for a moment on what foreign trade means to American employment, American wages, American living standards.

* * *

National Bible Week—1957

National Bible Week, the annual all-faiths observance sponsored by the Layman's National Committee, Inc., will be observed from October 21 to 27 this year. Charles R. Hook, Chairman of the Armco Steel Corporation is National Chairman and serving with him as his Honorary Vice Chairmen (representing the three major faiths) are: James A. Farley, Chairman of the Board of the Coca-Cola Export Corporation; Sidney Weinberg, Partner of the investment house, Goldman, Sachs & Co., and H. W. Prentiss, Jr., Chairman of Armstrong Cork Co.

In today's world—a world confused, tense and floundering—more and more of us find that the Bible provides the true solace and understanding

of life and our fellow men. It is in the Bible that we find the fundamental laws that govern the right way of living and the pathway to everlasting Peace. The Bible is not just another book—it is, always has been, and always will be the greatest Book of all. It is the Book we must acknowledge as being always a part of us—TODAY, TOMORROW, FOREVER.

Grassroots Opinion

PRENTISS, MISS., HEADLIGHT: "Our forefathers knew the blessing of planting at seedtime, reaping at harvest time without government restriction, and the joy of deserved repose after hard and satisfying labor. They lived by God's command of 'six days shalt thou labor, and looked only to God and their own efforts to provide their needs.'"

ST. JOHN, KAN., NEWS: "Not only is conservation of soil mandatory today—but so is re-building of the soil. We have dissipated away this priceless heritage to the point that there isn't enough left to permit us the luxury of our past wasteful ways."

HUMBOLT, IOWA, REPUBLICAN: "The United States labor department has compiled a report which implies that the excessive wage increases have been the key cause of the rise in prices of the past decade."

WHITEFISH, MONTANA, PILOT: "Reliable information shows this: Uncle Sam's biggest source of revenue is the individual income tax—33 billion dollars a year. And whether you remember or not, we every-day-up and down the street citizens pay the big end of it. (Oh yes we do.) Sure the rich are soaked, but there simply aren't enough of them."

CORTLAND, N. Y., DEMOCRAT: "Don't shoot a government man until you can see the whites of his crop control papers. That just about sums up the attitude of today's poultry farmers who are running family-sized layouts. Like the embattled farmers of 1776, they want no part of government meddling."

GREENVILLE, S. C., OBSERVER: "It is rather interesting to note that John C. Calhoun, the great South Carolina statesman, has been selected as one of the five greatest United States Senators of all time."

"Mr. Calhoun was selected because of the valiant fight which he put up in the Senate for the rights of the states. The noted South Carolinian must be constantly turning over in his grave as he sees the rights of states being usurped now."

Grassroots Opinion

HOT SPRINGS, S. D., STAR: "The United States Public Health Service urges all adults, under the age of 35, or even 40, to get at least one Salk polio shot as a protection against the paralytic form of poliomyelitis."

MALTA, MONTANA, NEWS: "... a thick, brown envelope arrived in this office from the army's Corps of Engineers. Believing that the enclosed message must be a subject of urgency, we hastened to tear open the envelope and peruse the contents."

"Inside the envelope was a booklet of 50 mimeographed, letter-size pages. The title of the pamphlet: 'Specifications for Installation of Floor Tile in Temporary Residences.' ... It makes us just a little teed off to think that the taxpayers' money is being spent on such unnecessary paperwork. ..."

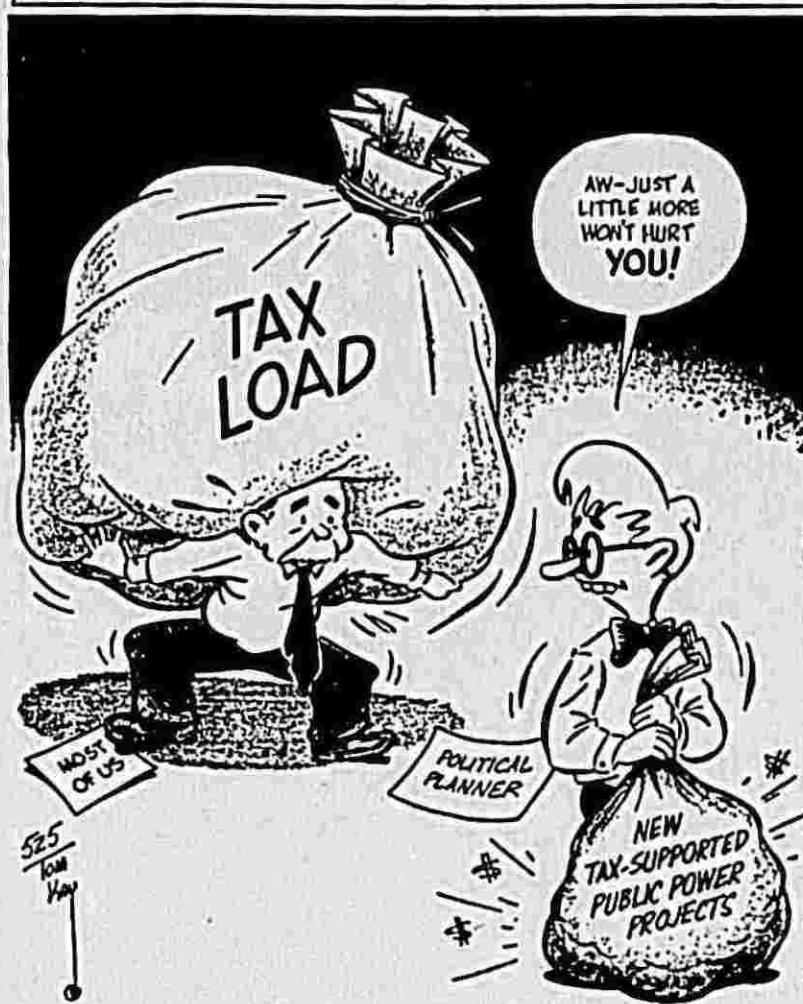

STOCKTON, KAN., RECORD: "Ever since J. Edgar Hoover announced a few months ago that he was of the opinion that the names of juvenile offenders should be publicized, there has been considerable argument pro and con in the press of this country. ... More and more the pendulum seems to be swinging to Mr. Hoover's idea."

CARLSBAD, N. M., CURRENT-ARGUS: "... West German housewives are complaining that their husbands won't help them with the kitchen work despite a new law that gives the women equal rights with men. ... Congress is expected to pass a bill just most any day, giving American men equal rights with women."

HAGERSTOWN, MD., HERALD: "Time was when Dad was king of the cave. He had only to trick an occasional dinosaur into the family stewpot to rate an affectionate pat on the head."

HUNTINGBURG, IND., INDEPENDENT: "Slow Down and Live can mean a longer life because you're driving safer."

THE AMERICAN WAY

Piling It On

Speed Limit Blues

"The biggest violators of the new Illinois speed limit law are the heavy trucks. Recently we tried to pass two of them and not exceed the 65-mile passenger car limit but it took us 20 miles to do it."—Sparta News-Plainsdealer.

Sounds Reasonable

"There is one thing that can be said for ignorance: it causes a lot of interesting arguments."—Macoupin County Inquirer.

THINK ON THESE THINGS . . .

This is the chief value of courteous or share-the-road driving—we each look out for the other fellow's mistakes as he looks out for ours. No other course would permit the volume of driving we do. You owe your life to my care and I owe mine to yours. Sobering thought, isn't it?

October 8th is the date, Prince of Peace School hall the place, of the Hein's of Waukegan Fashion show. The show is sponsored by the Altar and Rosary Society of Prince of Peace church in Lake Villa. Mrs. Mildred Schillinger, chairman, says the tickets are available at the door and everyone is invited. There will be a hat bar, and refreshments will be served.

The next regular meeting of the Altar and Rosary Society of Prince of Peace church in Lake Villa will be held on October 2nd at 8 p. m. at the village hall in Lake Villa.

Mr. and Mrs. John Hay and family, Mr. and Mrs. Thomas Hay and family attended the christening Sunday of their nephew, Terry Hay, at Niles. Master Terry is the son of Mr. and Mrs. David Hay, Jr.

Dinner guests Wednesday evening in the John Selzer home were Mr. and Mrs. Eugene Barnes and Allen Molitor.

We extend our sympathy to Mr. Martin Golden, 2nd, for the loss of his mother recently. Mrs. Golden lived in Chicago.

Mrs. John Selzer and son, James, were Thursday visitors at the Peter Selzer home in Northbrook.

Lindenhurst Men's Club bowling standings:

Team	Won	Lost
1-Wolff's Resort	7	2
2-Klima's Resort	6	3
3-Frolik's Club Villa	4	5
4-Slove's Bakery	4	5
5-Engle Realtors	4	5
6-Fred Maier's Service	2	7

Wolff's Resort won 3 from Fred Maier's Service.

Klima's Resort won 2 from Engle Realtors.

Frolik's Club Villa won 2 from Slove's Bakery.

Ferris Scharton shot the high series with 2017-185-165-551 total.

Harold Behrendt had high game with 210. He had a 210-156-179-545 series.

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel. Antioch 583-W-2

Ray Bishop of Kenosha and Harrie Tillotson arrived home Monday night, Sept. 16, from a 3 days' visit in Wisconsin. On Saturday, Sept. 14, they were supper and overnight guests of Mr. and Mrs. David Bennett at Curtis, Wis. They visited John Taylor and family at Owens, Wis., on Sunday afternoon. John Taylor lived with his parents, Mr. and Mrs. Charles Taylor on the E. Brook farm on Rte. 173 years ago. John and his brothers, George and Harvey, attended Hickory school in 1905 and 1906.

Emmet King drove to Peoria, Ill., on Wednesday. Frank Clemmings of Grayslake accompanied him. They attended the three day state con-

vention of Mutual Insurance Co.. They returned home on Friday.

Mr. and Mrs. Oscar Finkel attended the wedding of a friend Saturday evening at the Eagles Club in Kenosha.

Mrs. Robert Irish gave a bridal shower at her home Tuesday evening, Sept. 17, in honor of her niece, Miss Mary Jane Elsbury of Gurnee. Fifteen guests, mostly relatives, were present.

Miss Betty Rae Birky, teacher of third and fourth grades at Newport Community school, was surprised on Monday afternoon, Sept. 23rd, when she was the guest of honor at a bridal shower given her in the school room by her pupils. In the evening another bridal shower was given her at the school house by the mothers of the pupils. Mrs. Rod Ames, Mrs. Donald Curnes and Mrs. Robert Irish were the hostesses.

Miss Doris Christoffersen of Elm-hurst was a caller at the home of her aunt and uncle, Mr. and Mrs. Bert Edwards, Sunday afternoon.

Mr. and Mrs. Warren Wells and son, Gary of Gurnee were Sunday evening callers at the G. Wells home.

Mr. and Mrs. Gordon Wells and sons, Everett and John, visited the Robert Panzer family near Lake Mills, Wis., on Sunday.

Donald Dudley and Richard Sheehan accompanied their uncle, Robert Webber of Antioch to Chicago on Sunday. They saw the Cub-Braves game at Wrigley field.

Wilbur Hunter, son, Jerry, and John Van Patten, also Jim and Carol Sue Gerber drove to Great Lakes Sunday afternoon to see the Five Angels fliers.

Mrs. Patricia Mattner and children of Kenosha were recent callers at the H. A. Tillotson home.

LCRD Russell E. Hunter and family of Great Lakes called on relatives here Saturday afternoon and evening.

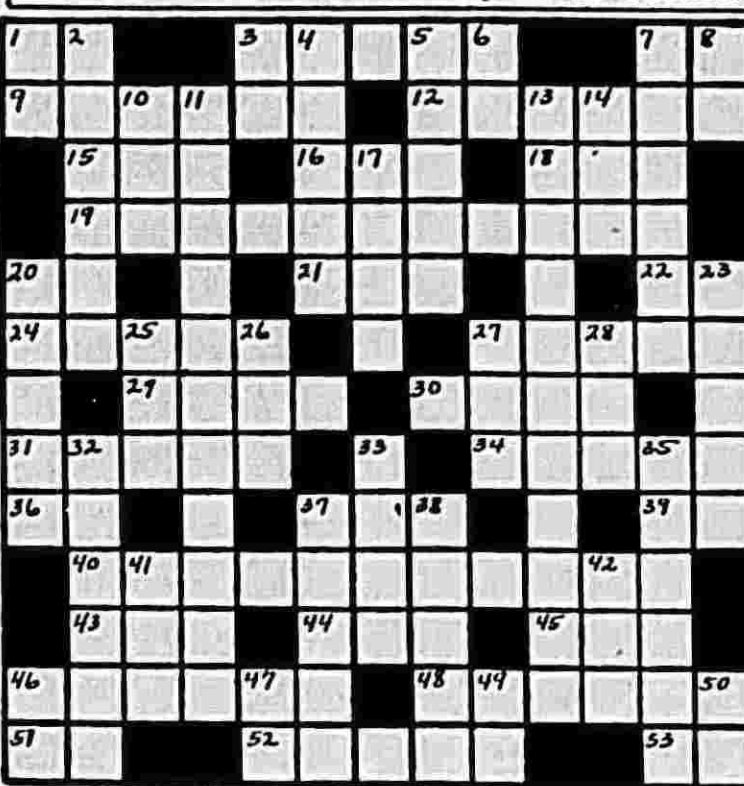

Mrs. E. W. King accompanied Mrs. Georgia Scoville and Mrs. Grace Turnock of Kenosha to Hebron on Friday, where they visited the G. A. Lange family.

Sunday afternoon callers at the Will Welch home were the Misses Jane, Evalene and Anne Hanna of Waukegan, Mr. and Mrs. Warren Welch and daughters of North Chicago, and Mr. and Mrs. Glynn Welch and their mother, 90-year-old Mrs. Mary Welch from Kenosha.

Mr. and Mrs. Ray Sweetwood and family of North Chicago were Sunday supper guests at the Rod Ames home.

Mrs. Ralph Hutzler from King, Wis., was an overnight Saturday guest at the Arthur Stoneberg home. On Sunday Mrs. Stoneberg accompanied her to Milwaukee where they

Enter the Penny Flame

GAS" Burner-with-a-Brain"
BIG PRIZE Contest

1st PRIZE \$1000.00

2nd PRIZE \$500.00; 3rd PRIZE \$250.00

plus BONUS AWARDS!

**THIS IS THE FAMOUS
"BURNER-WITH-A-BRAIN"**

... It's the really automatic burner that adds exciting new delight to all top of the range cooking—to more than 80% of your cooking duties. All you do is set the dial to the cooking temperature you wish, just as you do with your gas oven. Then the "Burner-with-a-Brain" takes over, raises and lowers the flame to maintain that temperature precisely, for as long as you like.

... And this self regulating top burner is just one of the many convenience features of the wonderful AUTOMATIC-ALL-THE-WAY 1957 GAS RANGES!

Here's all you have to do!

1 See the Wonderful GAS "Burner-with-a-Brain"

Just go to your nearest Northern Illinois Gas Company store or any gas range dealer located in the area we serve. There, you'll learn about the marvelous new gas "Burner-with-a-Brain"! You'll discover for yourself how automatic modern GAS cooking can be. You just dial the temperature you want and heat is perfectly maintained by a dependable thermostatically controlled device, called the "Burner-with-a-Brain". It makes your pots and pans automatic! Food can't scorch or burn... you can relax instead of being chained to the kitchen "watching the pot".

2 Obtain an Official Entry Blank!

Ask for an official entry blank at the store where you see the GAS "Burner-with-a-Brain". Complete the statement in 25 words, or less, on why you like the GAS "Burner-with-a-Brain". That's all you have to do. Another nice thing about this contest is that it's limited to you and your neighbors served by Northern Illinois Gas Company... so you have a better chance to win! Don't delay... contest closes midnight, Saturday, November 30, 1957.

*Special Bonus Awards, too!

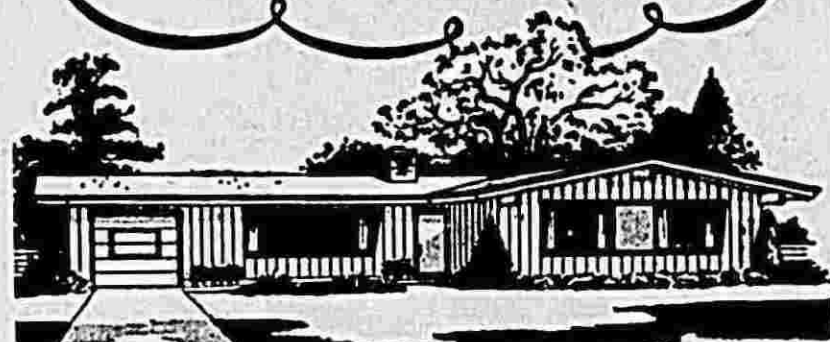

Prize winners will be given a special bonus award if they have purchased a gas range during the contest from Northern Illinois Gas Company, or a gas appliance dealer located in the area we serve. This award will be in an amount equal to the purchase price of the range bought by the prize-winner.

Get official entry blanks at your Gas Range Dealer or our nearest store.

The standing after three nights of bowling are as follows:

Team Standings	W	L
1—John Gan & Son	6	3
2—Conrad's Cozy Corner	6	3
3—Kirchmeyer Const.	6	3
4—Masek's Service Station	5	4
5—Rudolph's Turkeys	5	4
6—Haydon Homes	5	4
7—Linder's Liquor Store	4	5
8—Esther Williams Pools	4	5
9—Antioch Sheet Metal	4	5
10—Hickory Inn	3	6
11—Adolph's at Channel L.	3	6
12—Cunningham Cartage	3	6

High team series—Conrad's Cozy Corners—2690.

High team game—Conrad's—894.

High individual series—M. Hruby—608.

High individual game—W. Kiehl—260.

High individual average—J. Angeloff—182.

Second high individual average—B. Kraft—181.

Ed. Slavic, Secretary.

Kenny Foundation Widens Research, Scholarship Aims

Minneapolis, Minn. — Well organized programs of research and scholarships are vital to the future rehabilitation of persons with neuromuscular disabilities, according to R. Bruce Reinecker, president of the Sister Elizabeth Kenny foundation.

This fast growing medical branch, which is bringing a wide variety of medical skills to bear upon the problem of restoring victims of crippling disorders to normal life, cannot continue to expand without nourishing its own roots, he declared.

That's why the Kenny foundation—now conducting its 1957 annual fund appeal—has embarked upon a long-range program designed to attract more technicians to fill the needs of the fast-growing field and to stimulate research in the broad underlying fields, he said.

For several years, Kenny institutes have been extending the "know how" developed in the treatment of polio into the wider field embracing other crippling disabilities, he declared.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

COAST-TO-COAST ECONOMY RUN PROVES IT— CHEVY COSTS LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked for 2,873 miles, from Los Angeles to New York, what happens?

In the certified findings of the NATA*, Chevrolet delivered up to 17% greater fuel economy, and lower total cost for the trip—proof that Chevrolet costs *least* to operate of the three leading low-priced cars that were tested!

This economy record only confirms Chevy's reputation for money-saving ways. You expect Chevrolet engines to wring extra miles out of a gallon of gas—just as you expect finer craftsmanship in the way a Chevrolet is built. Why wait to put new sparkle—and economy—in the miles you drive? See your Chevrolet dealer soon!

Doctor Sets Rules For Growing Old In Graceful Style

CHICAGO — Preparation for aging should begin in the "prime of life," a 72-year old North Carolina physician says.

Every doctor should try to train his middle-aged and even younger patients to cultivate habits of eating, sleeping, exercise, recreation, work and mental hygiene, Dr. Wingate M. Johnson, Winston-Salem, said in the Journal of the American Association.

Dr. Johnson, professor at Bowman-Gray School of Medicine, lists seven rules of conduct he divided for himself some years ago. These rules have helped some of his patients and friends grow old with a "reasonable degree of complacency," he said. They are:

1. Recognize that the mind be at its best when a person is about 40 years old and should continue to be efficient to the age of 70 or more. The mind which is properly trained does not lose its elasticity, and constant use of the brain helps to keep it efficient.
2. Avoid becoming an "old foggy" by frequent association with young people. Prepare for occasional shocks, but try to understand youth's viewpoint.
3. Learn to delegate authority.
4. Cultivate wide interests. Learn new uses for hands and brain.
5. Keep in touch with old friends and make new ones.
6. Cultivate equanimity — the mental poise that keeps one from being unduly elated or depressed. Keep a proper balance between emotion and reason.
7. Cultivate the habit of looking forward rather than backward.

Firefly Might Solve Mysteries

WASHINGTON — The little lamp of the firefly may light up some of the mysteries of life.

Life is possible because plants can change sunlight into chemical energy. Fireflies turn this energy back into light—and do a much more efficient job than any electric company.

A light bulb wastes most of its energy as heat. A firefly operates its lamp without heat, at better than 95-per-cent efficiency.

Jealous electric companies retort that it would take more than 137,000 lightning bugs to equal a 60-watt bulb. But the companies admit that they might learn something from these light-bearing beetles.

The firefly may also prove a boon to medicine. Already, says the National Geographic Society, chemicals extracted from lightning bugs can be used to measure a compound known as adenosine triphosphate or ATP, which is present in every living thing.

ATP is a storehouse for energy.

Traveling Student May Have Set Record

DAVIS, Calif. — The student who shuttled between Yakima, Washington and Davis, California may have set a new record among classroom commuters.

John W. Griffith's 1,700-mile-a-week jaunt in search of knowledge will be hard to beat.

Griffith, an agriculture instructor at Yakima Valley Junior College, enrolled for post-graduate study in the summer session of the University of California's Davis campus.

Back home in Yakima, carpenters were constructing a new agriculture building at the junior college and Griffith wanted to oversee the work on the classrooms he would be using in the fall.

He got the commuting idea when he found that his classes at Davis were scheduled for Monday, Tuesday, and Wednesday of each week.

On Wednesday evenings, he took an overnight train from Davis to Portland (700 miles), then drove from Portland to Yakima (150 miles) in his own car. For the next three days, he was "on the job" as a construction supervisor. At noon on Sunday, it was goodbye to Mrs. Griffith, car to Portland, overnight train to Davis, and he was a student again. It was as simple as that.

Powerful Atom

LONDON — The power of the atom cannot be underestimated.

A 16-year-old was brought into court by a constable who said he found the boy staggering about. The lad admitted drinking half a bottle of gin, adding, "I had been at work for a month, and when I thought that all my tax and insurance was being used to make atom bombs and hydrogen bombs, it made me feel unhappy."

Chicken Court

OTTERNDORF, Germany — Court officials here recently held a pre-trial hearing in a chicken coop at dawn.

The court wanted to find out if roosters crowing in the morning could harm the health of sleepless neighbors who had complained.

Forgetmenot Trees Grow Big and Tall In Jungle Depths

WASHINGTON — Forgetmenots are 100-foot-high trees in the "white jungle."

Great clusters of snow-white blossoms on the tops of a smaller species of forgetmenot tree may be one reason for the name attached to a unique kind of forest in southern Brazil explored botanically by Dr. Lyman B. Smith, Smithsonian Institution botanist, and Padre Raulino Reltz, director of the state herbarium of Santa Catarina.

The white jungle is an extension of the dense rain forest which characterizes the lowlands of interior Brazil. In Santa Catarina it extends eastward along the deeper valleys, infiltrating the darker colored but more open araucaria forest of the highlands or planalto. This probably is the main reason, Dr. Smith says, that the area is known locally as white jungle. It is much the same contrast as that between our own hardwood and conifer forests, except that the araucaria has an outline like a gigantic letter T instead of the familiar conical form.

A more fanciful but not wholly impossible explanation of the term "white jungle" is the presence of two forgetmenot trees that are so large and so frequent as to be an important timber crop. Their great crowns of white blossoms would stand out to one viewing the forest from above like large white caps on a pale green sea.

The general impression of the forgetmenot, based on species known in temperate climates, is that of a small fragile herb that has become a symbol of enduring love. But, Dr. Smith explains, the name applies to a major classification of the plant kingdom, based on the structure of the blossom. The Brazilian trees are unquestionably "forgetmenots."

Pacifier Returns To Popularity

CHICAGO — The baby's pacifier, long condemned as unsanitary, tooth-deforming and disease-producing, is making a comeback.

Today many pediatricians and dentists are beginning to look on the pacifier as "at least a partial answer to the vexing problem of how to prevent prolonged thumbsucking and the dental disfigurement it often causes," according to an article by Peter C. Goulding, Chicago, an American Dental Association staff member.

He said bacteriological studies have shown that pacifiers are actually more sanitary than the thumb. In addition, because of their soft texture, pacifiers are far less likely than the thumb to force the teeth out of position.

Perhaps the most persuasive point in favor of pacifiers is the fact that children apparently give them up earlier and with less trouble than they do thumbsucking, Goulding said. One study showed that 28 children spontaneously gave up the pacifier at the average age of 14 months, he said.

Shopping Spree Lasted For 16 Busy Years

AKRON, Ohio — A shopping spree that would be a joy to any housewife, but painful to any husband in charge of finance, has ended here.

Mrs. Esther Myers has retired to her own pots and pans after 16 years of buying housewares for 775 company-owned stores and nearly 4,000 complete line dealers of The Firestone Tire & Rubber Company.

Among her record breaking purchases were: 19 carloads of dinnerware—nearly a million separate pieces—in a single order, and 100,000 mops in one 30-day period.

During her career Mrs. Myers ordered 10 million glass tumblers, half a million pots and pans, and hundreds of thousands of ironing tables, among the 350 different types of housewares she bought regularly.

Mrs. Myers, who had 23 years of service with Firestone, started as a secretary, became assistant housewares buyer in 1941 and buyer in 1947. Her successor as housewares buyer is a man—E. R. Johnson.

Real Collectors

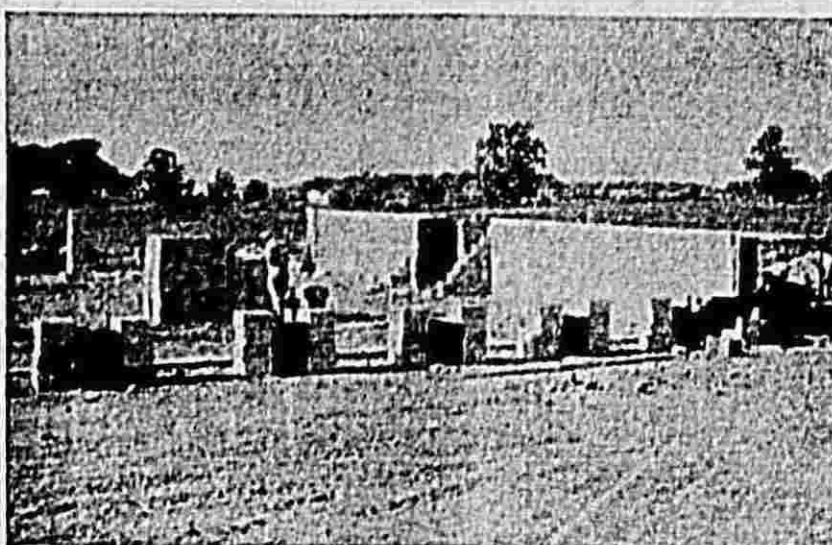

NEW YORK — Three garbage collectors were charged here with taking more than garbage on their morning calls at Leone's Italian Restaurant. The trio and a panytryman were accused of stealing \$75,000 worth of frozen shrimp and olive oil during a period of two years.

Key Man Caught

NEW YORK — For every door, there's a key, it seems.

Anyhow, a man accused of entering a woman's hotel room was charged with possession of burglar tools after police said they found in his possession 5,000 keys from hotels around the country.

Walls Going Up for School

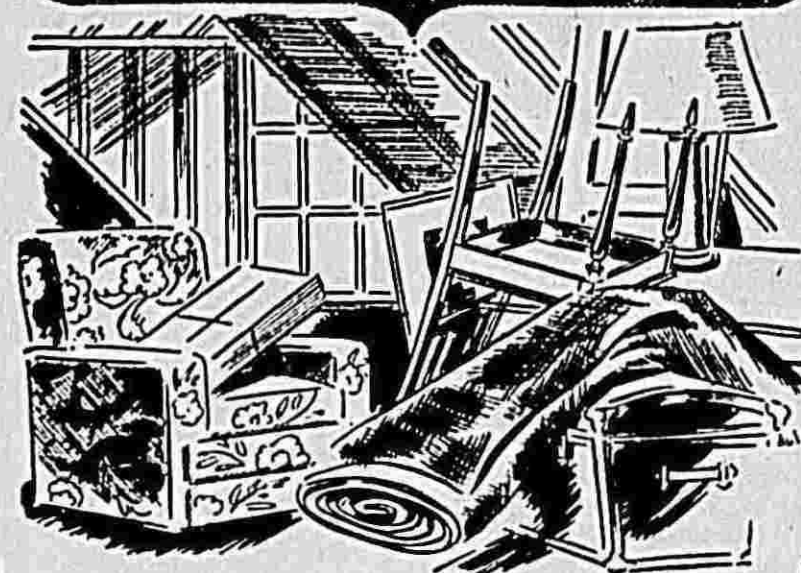

Walls are going up for the new grade school at Loon Lake and Deep Lake roads. This shows the northeast wall.

SOCIETY EVENTS

Rainbow Girls To Hold Open Installation Monday Eveg., Sept. 30

Antioch Assembly Order of Rainbow for Girls will hold a public installation Monday, Sept. 30, at Wesley Hall. Miss Donna Gibbs, daughter of Mr. and Mrs. Donald Gibbs will be installed as worthy advisor.

Other officers to be installed are: Betsy Frazier, worthy associate advisor; Diane Mantis, Charity; Faye Mann, Hope; Sharon Gibbs, Faith; Sigge Petersen, recorder; Peggy Cardiff, treasurer; Carolyn Stoffel, chaplain; Barbara Yates, drill leader; Dee Stillson, Love; Sharon Langbein, religion; Jane Lassen, nature; Nancy Cribb, immortality; Mary Wertz, fidelity; Joyce Blumenschein, patriotism; Nancy Scott, service; Linda Pavel, confidential observer; Clara Lassen, outer observer; Sally Petersen, musician; Beverly Rudin, choir director.

Miss Ann Forney of Libertyville will install the new officers, assisted by Miss Sigge Petersen, Marcia Augustine, Judith Wilson, Alma Calossini, Margaret Sasso, Jill Anderson and Peggy Cardiff.

Joyce Schimmel will give the ode to the American flag and Joan Wagner, ode to the Rainbow flag.

Honored guests will be Mr. and Mrs. Donald Gibbs.

Refreshments will be served.

Methodists to Attend Churchmanship Meet At Evanston Sunday

Antioch Methodist church leaders will attend a conference on churchmanship from 3 to 6 p. m. Sunday at the First Methodist church in Evanston.

The meeting is for the northern district of the Rock River Conference. Churches in this district will be represented by three members from the commissions on evangelism, education, missions, stewardship and finance, lay leaders, presidents of men's clubs, choir directors, organists, church school superintendents, pastors and their assistants.

Each commission, department and club will have its own workshop and panel session.

WOMEN OF THE MOOSE By Dorothy Schmitz Antioch 968-J.

The business meeting of the women of the Moose was held on Thursday, September 19th, at the Moose Home, with 48 members present. New candidates were balloted on.

Imogene Case, chairman of the Social Service Committee announced that they will have a rummage sale on Friday, October 11th, from 9:00 a. m. to 4:30 p. m. at St. Ignatius Episcopal Church hall.

On October 19th, Ritual Committee will have a card party at the Moose Home.

The annual bus trip to Mooseheart, Illinois, made by the 29 members and guests of Antioch, chapter 735 on September 18th was very inspiring.

The State Conference of the women of the Moose will be held this week, September 27th, 28th, and 29th at the Morrison Hotel.

The chapter night meeting of the Antioch chapter 735 will be held Thursday, October 3rd at the Moose Home with the initiation of new candidates.

Sue Birkhead to Marry

Mr. and Mrs. T. R. Birkhead and daughter, Sue, after making a hospital visit with Shirley Nelson Sunday, returned home to Midlothian, a suburb of Chicago. Mr. Birkhead, former principal of the Antioch Township High school, is now superintendent of Bremen High school. Mrs. Birkhead is a sixth grade teacher. Sue will become a bride in December. Her sister, Ruth, attends Oberlin college; and their brother Bill, is a student at Purdue university. They sent greetings to their Antioch friends.

Dr. and Mrs. Charles Solar and Mr. and Mrs. Bernard Osmond have returned from a vacation trip to Door County, Wis.

Antioch Garden Club Officers

Antioch Garden Club officers were installed at the meeting on Monday in the home of Mrs. Fred Oschmann. They are, left to right, Mrs. Dudley Kennedy, second vice president; Mrs. Edward Dompke, president; Mrs. John Wagner, first vice president and Mrs. Norvin Stoffel, secretary. Mrs. Clarence Gibbons, treasurer, was unable to stay for the picture.

Is 90 Years Young

Mrs. Lydia Horton

Mrs. Lydia Horton will observe her 90th birthday anniversary Sunday. An open house in her honor will be held from 2 to 5 p. m. at the home of Mr. and Mrs. Robert E. Horton on North avenue. She is looking forward to greeting her many friends and relatives on this occasion.

Mrs. Dompke Garden Club President

Mrs. Edward Dompke was installed as president of the Antioch Garden club at a meeting held on Monday afternoon at the home of Mrs. Fred Oschmann. Other officers installed were Mrs. John Wagner, first vice president, Mrs. Dudley Kennedy, second vice president, secretary Mrs. Norvin Stoffel and treasurer Mrs. Clarence Gibbons. Committee—Social, Mrs. Louis Biel, Ways and Means, Mrs. Frank Vance; publicity Mrs. Fred Oschmann; exhibit, Mrs. Joseph Patrovsky, Sr.; and Mrs. John Wagner program chairman. Mrs. Louis Biel installed the officers. A program on peonies and dahlias was presented by Mesdames Dudley Kennedy and Jessie Thompson. A report on the Richmond flower show was given in which Mrs. Thompson was awarded twenty-one ribbons. The next meeting will be a 1 o'clock tea at the Methodist church on October 28th. A demonstration in flower arrangements will be given by Mrs. L. L. Burger of Woodstock. Tickets and information may be obtained by calling Mrs. Fred Oschmann.

Mrs. Nellie Hanke, her son Leslie, daughter, Ruth Holmes, her brother, Charles Dean of Silver Lake are vacationing at Sand Lake, Wisconsin.

The Grade School Band Elected These Officers

Newly elected officers of the Antioch Grade School Band are Carol Lasco, librarian; Jane Lassen, secretary; Douglas Long, vice president and Albert Dittman Jr., (Bud) president. Phyllis Kopriva, treasurer, was unable to be present when the picture was taken.

Officers of Antioch Grade School Band Parents Association

The Band Parents Association of the Antioch Grade School has begun a new season with its new officers, left to right, Mrs. Margaret Mosck, secretary; Mrs. Alice Young, vice president; Mrs. Dorothy Kennedy, treasurer; George Olisar, advisor and Mrs. Ingaborg Wieshart, president.

DANCING

The Lake Promanaders Square and Round Dance club wish to apologize to anyone who could not attend the beginners class last Saturday evening.

A last minute switch had to be made from Grayslake school to the Woodland school owing to a previous engagement that had been forgotten by everyone concerned. However, an enjoyable evening was spent by those who were able to find us.

We will be back in Grayslake Grade school at Lake Street on September 27th, at 8:00 p. m. for the Intermediates and then on the 1st and 3rd Saturdays for the Beginners and the 2nd and 4th Saturdays for the Intermediates.

Community Club Meets

Central High School Community Club held its first meeting last evening at Salem Central High School auditorium.

The program included an address by Principal A. H. Erickson; introduction of teachers; talks by Badger Boys' State and Badger Girls' State representatives: Dave Poisl, Wilfred Meier, and Jean Risch; reports from two students who attended the Music Clinic at Madison during the past summer: Richard Sabin and Sally Gagnon; and selection by the high school chorus under the direction of Mrs. Jane Palumbo.

Mrs. Leo Rumpsa of the L. & R. Pet show was taken to St. Therese hospital, Waukegan, recently, for treatment.

Antoinette Nering is attending Blackburn College at Carlinville as a freshman.

Homemaking Teacher

Mrs. Dorothy Romoser is teaching girls of Antioch Township High School the science and art of homemaking. She is prepared for this through a bachelor of science degree at Stout College.

W. S. C. S. LUNCHEON SCHEDULED FOR OCT. 2

Members of the Methodist Women's Society of Christian Service will hold a 1 o'clock luncheon and meeting at Wesley Hall, Wednesday, Oct. 2. Mrs. George Good will be in charge of devotions. Mrs. William Frey will talk on Our Home Mission Centers and Race. A brief board meeting will be held at 12:30.

CELEBRATE BIRTHDAYS

Mr. and Mrs. Roy Crawford, of Grass Lake road, entertained at a family gathering at their home Sunday, in honor of birthday anniversaries of their daughter, Mrs. Angie Groh, of Fox Lake and their son, Thomas of Waukegan. Besides their daughter and family and their son's family those present were another daughter, Mrs. Gertrude Young and family of Chicago, Mr. and Mrs. Edward Crawford and children of Lake Villa and Mr. and Mrs. Boyd Crawford and children of Antioch.

ATTEND O. E. S. AT LAKE ZURICH

Mrs. Lillian Woods, worthy matron, Antioch chapter O. E. S. and Emil Kirschbaum, worthy patron and Mr. and Mrs. Robert Pincombe and other members and officers of Antioch chapter, attended advance night at Lake Zurich chapter, Wednesday evening.

Harve Strametz returned to Marine Corps duty at Camp Pendleton, Calif., after a 25-day visit here with his parents, Mr. and Mrs. Rudolph Strametz of Grass Lake.

Mrs. Oren Hostetter and daughter, Judy, returned recently from a week at Miami Beach, Fla., making the trip by plane.

Leonard Roblin and Bill Mongan returned Sunday from a nine-day fishing and hunting trip in Manitou Starch in Canada. They shot a 400-pound bear.

Mr. and Mrs. Herman Marshall and sons, Eric and Gary of St. Louis, Missouri are visiting with Mr. Marshall's mother, Mrs. Alice Marshall at Liberty Corners.

Mr. and Mrs. Don Gibbs returned home recently after a few days vacation spent in Northern Wisconsin and Michigan.

The Methodist Men's club will hold meetings the first Monday night of each month instead of the third Monday.

The next meeting will be held on October 7th when the club will dine at 6:30 p. m. in the church and hear a representative from Alcoholics Anonymous.

The carrot is considered an excellent foodstuff — and perhaps it has seen service above and beyond the call of vegetable duty. In World War II, a rumor started circulating that our night flyers were improving their vision by eating lots of carrots — and drinking huge amounts of carrot juice. Carrots, like many other foods, will only help cure night blindness in people who already have poor diets.

The inventor of spectacles is one of the unknown heroes of science — and an anonymous benefactor of mankind. Until spectacles were introduced more than 650 years ago, millions of nearsighted people didn't think the world they lived in was such an impressive place. They lived out their lives unable to see mountains, clouds or stars.

It takes 500 to 600 years to build one inch of top soil.

The Antioch News and Lakes Friday, Saturday or Sunday showing Theatre invite Spencer Wells, Box of "Spook Chasers" and "Naked Hills" at the Lakes Theatre.

Teaches at A.T.H.S.

Ruth Poczekaj teaches Latin and English this year at Antioch High School. A graduate of Marquette University, Miss Poczekaj has a bachelor of arts degree.

The shipping mines of Illinois produced 3,881,441 tons of coal during March, 198,051 tons less than the February output, according to the state Department of Mines and Minerals.

March production came from 59 strip mines which turned out 1,626,130 tons, and 76 shaft mines that hoisted 2,255,311 tons.

The Tennessee Valley Authority has reported that its coal stockpile at the end of the latest fiscal year, June 30, 1956, was 3.1 million tons, or sufficient coal to operate for 62 days.

Weightlessness, a condition expected to be commonplace in space travel, has caused reactions varying from exhilaration to nausea in a group of 47 persons exposed to the condition in jet planes by the School of Aviation Medicine.

A battery with 63 times greater potential voltage and 10 times longer storage life is described as the forerunner of a new family of batteries.

Teaches Mathematics

Bethsabe Hosken, is a new mathematics teacher at Antioch Township High School this year. She has a bachelor of science degree from Illinois State Normal University.

Suburban Areas Have Half of All U. S. Building

Nearly half of all the building in the United States last year took place in the suburban and outlying areas of the nation's metropolitan centers, according to figures on building permit activity compiled by the U. S. Department of Labor.

This is close to double the proportion of the country's entire population contained in these areas, and indicates the broad impact of the growth of suburbanization on the building industry as well as on other areas of economic activity.

The figures show that about \$9.1 billions of the total U. S. building permits of \$18.4 billions for 1956 were in the suburbs and outlying areas of the metropolitan centers. This represented about 48 per cent of the total compared with 27 per cent of the U. S. population residing in these areas.

Another \$5.4 billions, or 30 per cent of the year's building permits, were in the central cities of the metropolitan areas, which contained about this same proportion of the country's population. The balance of somewhat over \$4 billions of the 1956 building permits was in the small cities and towns and rural areas combined. The proportion here was only about half of the 41 per cent of the U. S. population residing in these areas. The building figures include additions, alterations and repairs as well as new construction.

Discipline Kids By Rule of Thumb

LOS ANGELES—Your baby may need a formula for his daily diet—but not for his family relationship.

So says Dr. D. Bruce Gardner, visiting associate professor of child development and psychology at the University of California, Los Angeles. Dr. Gardner's regular post is at Iowa State College.

"The parent who attempts to discipline his children 'by the book,' that is, by rules laid down by some outside source, such as lecturer, a minister, or a writer on child psychology, is going to have an uncomfortable if not unsuccessful parenthood," he points out.

Dr. Gardner suggests the following rule of thumb for child discipline: draw the line where you feel comfortable!

"Then you are more likely to be consistent in your discipline," he says. "Your words won't say one thing while your tone of voice and actions imply that you aren't really sure of the wisdom of what you've said."

In a few extreme cases, Dr. Gardner says, this rule of the thumb breaks down and parents should seek professional advice to help them review their values.

What Are Your Chances For Ripe Old Age?

NEW YORK—Family building starts at a relatively early age in our country, but in many cases the father does not live to see his youngest child become self-supporting.

A study of the chances of family disruption by death reveals that, for a husband, age 25, the chances are 50 in 1,000 that he will die within 20 years. These chances rise rapidly with advance in age; they are 120 in 1,000 if he is 35 years old, and 272 in 1,000 if he is 45.

Statisticians point out that in young families where the husband is 20, the wife 19, and the child an infant, the chances are 17 per 1,000 that one or more members will die within five years. The probability of death is greater for larger families and also where parents are older. Thus, the chances of at least one death within five years in a family which consist of five members are 28 per 1,000 if the father is 35 years of age, and increase to 58 per 1,000 if he is 45.

Oil Money to Help Rebuild Islam Shrine

WASHINGTON—Modern oil wealth will soon help rejuvenate one of Islam's oldest and holiest of shrines, the Dome of the Rock, in the Jordan-held section of Jerusalem.

Through the ages this impressive example of Arab architecture has been restored and enhanced time and again. Today's plans seek first to make the structure sound and weatherproof in the face of weakening by wind, rain, and shellfire damage of the 1948 Arab-Israeli war. Later will come delicate repairs of the famous tiles, mosaics and other decorations.

Nearly half a million dollars, a third of the sum needed, has been collected for the work, most of the donations coming from the prosperous, oil-producing nations of the Middle East.

In Charge of A.T.H.S. Homecoming Next Weekend

Planning the annual Homecoming celebration at Antioch Township High School October 4 and 5 are these committee chairmen. They are, left to right, first row—Paula Zeon, programs; Sharon Dittman, alumni; Mary Forbrick, parade; Frank Ferdon, dance; second row—Sue Romer, invitations; Peggy Cardiff, dance refreshments; Judy Sheehan, queen and court; Richard Jones, advertising; third row—Joel Armstrong, general chairman; Dennis Goodenough, field decorations; James Olschlager, ticket sales.

Funeral Yesterday for Burt M. Kanka, 73, Lake Villa Resident

Burt M. Kanka, 73, a resident of Atwell Subdivision, Lake Villa, died at 7:30 p. m. Sunday at the Lake County General Hospital in Waukegan, following a lingering illness.

He was born February 4, 1884 and lived in Chicago until 30 years ago when he moved to Lake Villa.

Mr. Kanka operated a coal and ice business in Chicago from 1914 to 1930. He then operated the same type of business in Lake Villa until 1947. From then to 1955 he operated a taxicab. For the last two years he had lived in retirement. He served as a constable in Lake Villa township.

He is survived by a brother, Leonard G. Kanka.

The funeral service was held at 1:30 p. m. Wednesday at the Strang Funeral Home with the Rev. Gerald B. Robinson officiating. The body was cremated.

SCHOOL BUS ACCIDENTS
Traffic accidents in Illinois involving school buses totalled 86 last year, injuring 42 students. Many

of these would not occur if drivers of other vehicles obeyed the law requiring a stop to be made by all vehicles either meeting or overtaking, whenever a school bus stops on a highway to take on or discharge passengers. Others would not occur if all school bus drivers were properly trained.

With these facts in mind we should be doing something about it. Here are some definite things that may help.

1. Obey the law regarding school buses when driving.
2. Make sure that your bus drivers are given, regularly each year, a bus drivers training course.
3. Find out if the township trustee or school board has selected the safest route for buses to and from school. If not, take steps to get it done.
4. Be sure school children are instructed how to ride buses and how to cross the pavement to and from the buses.
5. Be sure all equipment is in good repair and that, above all, all necessary lights are in perfect working order.

With everyone helping it should be possible to reduce the number of school bus accidents drastically.

Harry C. Arnurius, 69, of Bleich Subdivision, Buried in S. Chicago

Harry C. Arnurius, 69, a retired carpenter residing in Bleich Subdivision, died at 2:00 p. m. Sunday at the Victory Memorial Hospital, Waukegan following a brief illness.

Mr. Arnurius was born January 16, 1888 in Chicago and came to Antioch in 1945. He was a member of the Avure Masonic Lodge in Chicago.

His marriage to Clare Steinhebel took place June 2, 1917 in Chicago. She survives as do a daughter, Mrs. Ruth Meiler, Chicago; a brother, George Arnurius, of Chicago; a sister, Mrs. Elsie Hunter, Chicago; and a granddaughter.

The body rested at the Strang Funeral home until Tuesday evening and was then taken to the chapel at 1811 103rd st., Chicago, for services Wednesday. Interment was in Chapel Hills Gardens in South Chicago.

Band Parents to Hear Moores Explain Part Woodwind Pieces Play

The Antioch Grade School Band Parents Association will hold its monthly meeting at 8:00 p. m. Tuesday in the Grade School cafeteria.

Mr. and Mrs. E. C. Moore of Kenosha will be present to explain the important part the woodwind instruments play in the band. The Moores were both professors at Lawrence Conservatory in Appleton. Mr. Moore also taught band in Appleton grade and high schools. While teaching in the Appleton High school and at Lawrence College, his bands had nationwide acclaim.

During his 40 years in musical work, Mr. Moore has studied under all the noted band directors in the country.

Mrs. Moore graduated from Lawrence College and studied at the University of Michigan at Ann Arbor. Both she and Mr. Moore have written selections for bands and woodwind instruments. At the present time they are giving instructions to private students in Kenosha, Waukegan and Fox Lake.

Mrs. Jesse Close, mother of the month, will be in charge of refreshments.

FANNIE BOUGHTON SCHULTZ DIES IN BURLINGTON HOSPITAL

Fannie (Ferne) Boughton Schultz, born March 6, 1894 at Hebron, Illinois died September 15, 1957 at Burlington Memorial hospital after a lingering illness. She was married November 12, 1915 at Bassett, Wisconsin to Elmer Schultz and lived in the vicinity of Wilmet, Wisconsin.

She is survived by her husband, and five sons, Charles, Woodstock, Illinois; Gilbert of Lake Geneva; Stanley, Wilmet; Harold and John of Geneva City, and 13 grandchildren. One son, Donald died in infancy, a sister, Isabelle Boughton, Mason and a brother, John Simes of Hebron, Illinois. One sister, Hattie Boughton Loftus is deceased.

She was the daughter of Mr. and Mrs. George Boughton of Hebron, Illinois.

Services were held from the Park Rowe Lutheran church, Geneva on Wednesday and burial in Wilmet Cemetery.

The Lakes Theatre and The Antioch News invite George E. Stillwell, 248 Bridgewood Drive, Antioch, Ill., and one to attend Friday, Saturday, or Sunday's showing of "Spook Chasers" and "Naked Hills" at the Lakes Theatre.

Monotony May Cause Many Auto Accidents

Have you ever tried to hypnotize yourself? It's simpler than you think if you do much driving on some of the country's newer thoroughways.

Driving mile after mile at sustained speeds with your eyes focused on a straight highway can wait you into a dream state, warns the Institute for Safer Living. You can easily become "speed-drugged."

Some drivers are awakened from this "hypnotic trance" only by the sound of screeching brakes followed by the crash of steel. Tragically, many never awaken at all.

Their car has piled into another ahead, which has stopped or swerved suddenly. Sometimes a chain reaction may extend for several hundred feet along the turnpike.

By acute overdoses of monotony, many drivers have been literally "bored" to death.

The Institute has some suggestions to help you avoid becoming a fatal "throughway" statistic.

Motorists should practice whatever mental diversions are necessary in order to avoid slipping into a highway hypnotic state. Some favorites are playing the radio, conversation with passengers, frequent shifting of body position, and varying speeds slightly. On the other hand, do nothing that will distract you from full attention to driving. Sightseeing or scenery gazing is not for throughway travel. Keep moving in pace with the general traffic flow, but do make frequent rest stops.

Flick your eyes in the rear view mirror periodically. Stay in your lane and don't move into another lane without a double check on following traffic.

Turnpike authorities recommend a minimum of six car lengths between vehicles; never "camp" too close to the car ahead.

Never under any circumstances, the Institute warns, come to a full stop in moving traffic if it can be avoided. If you have to stop, get your car off the road on to an apron. The drivers behind may be under the spell of "highway hypnosis."

The Institute warns that at 60 miles an hour nearly all drivers are afflicted with a form of temporary "tunnel" vision.

While traveling at high speed, a driver's clear range of vision sometimes narrows down to an angle as low as five per cent of normal visibility.

It's as if the driver were wearing "blinders" like old Dobbin did in the long ago. Oncoming vehicles, bridge abutments and workers are readily visible up ahead, but objects become indistinguishable as you approach or pass them.

Many turnpike accidents occur, according to the Institute, because of these "blind" sides of a driver's vision. While nothing can be done about "tunnel vision" motorists can give their eyes a break by occasionally pulling off the road and giving their eyes a rest.

Slow down after sundown, your eyes cannot cope with higher speeds under conditions of darkness and artificial lighting.

Have your eyes examined at periodic intervals, the Institute suggests; your ability to see changes from year to year.

Always expect the unexpected. Tests show a driver moving at high speed can see an unexpected obstacle at half the distance he can see an expected one.

A final word of caution from the Institute: When you turn off a turnpike, be sure that you slow down to speeds in keeping with secondary-road traffic. This requires a conscious mental effort after you have become accustomed to breezing along at high speeds for sustained periods.

Therapist Training Vital Function of Kenny Foundation

Minneapolis, Minn.—The training of registered nurses and physical therapists to become Kenny Therapists continues as an important function of the Sister Elizabeth Kenny Foundation, according to Marvin L. Kline, national executive director.

Kenny Therapist trainees are schooled under Kenny foundation scholarships, tax-free and worth up to \$8,250, at Elizabeth Kenny International Training center here. The course is of 18 months duration, with nurses enrolled for an additional 12 months of physical therapy at the Mayo clinic, Rochester, Minn., or other approved physical therapy schools.

Registered nurse candidates who complete the course become registered physical therapists. All graduates receive certificates, indicating their status as Kenny Therapists and are qualified, under medical supervision, to carry out the physical treatment of all phases of polio and to apply this specialized knowledge of treatment to other neuromuscular disabilities and musculoskeletal disorders as well.

Upon graduation, Kenny Therapists are assigned to Kenny treatment facilities across the nation.

In addition, the foundation conducts extensive training programs for technical specialists in rehabilitation and nationwide medical training and education.

His face distorted with pain, the actor clutched his chest, gasped for breath and collapsed to the floor as the curtain fell. The actor was merely rehearsing a scene. But he accurately portrayed the combination of symptoms the medical world identifies as angina pectoris—a spasmodic, choking pain in the chest.

Anyone who has experienced or witnessed an attack of angina pectoris in real life is not likely to forget the excruciating pain, the strong feeling of impending death. Even after recovery, the heart-attack victim lives in fear of another bout.

In angina pectoris, constricted arteries rob the heart of its supply of blood. A heart attack can be touched off by physical exertion and/or emotional strains and pressures. Fear of another attack may well trigger a recurrence, according to medical authorities.

With this knowledge, medical scientists are developing drugs to relieve and even to forestall attacks. These new drugs are aimed at both the physical and the emotional conditions involved.

For example, one new medicine called Caritex combines a vasodilator, to relax constricted blood vessels, with an ataraxic, to ease the anxieties that haunt most cardiac patients.

Dr. Milton Ende of Petersburg, Va., reported definite improvement in 88 per cent of the patients he treated with this double-duty drug which simultaneously helps the damaged heart and soothes the anxious mind.

Another investigator, Dr. Louis Selverstone of Tufts University and the New England Center Hospital, feels that reduction of emotional strain in patients with angina and other heart conditions may be the major factor in achieving rehabilitation.

The current International Geophysical Year is the third worldwide cooperative attack on the earth's enigmas since 1883.

BOWLING

Ten Pin Topplers
Tuesday, Sept. 24

Hazelman's won high team series, having games of 798-749-777—2324 total.

Lucille Stoltz was high individual scorer, bowling games of 172-197-149—518 total.

Cerelda Jung bowled three games of 133-133-133 for a total of 399. Hazelman's beat Gibbs & Jensen all three games.

Joe & Helen's won 2½ games from Salem Country Club.

Art's Paint Store won two games from Tuttle Mink.

Servicenter won two from Sex-a-uer Realtor.
Adolph's Channel Inn won two from George's Bar.
The Van Pattens won two from Pasadena Grill.

Erwin, Not Art Dieball

It was Erwin Dieball and not his son, Art Dieball, who was given first aid by the Antioch Rescue Squad last week as reported by this newspaper. The News was misinformed.

Oberlin College, Ohio, became the first co-educational college in the United States when it opened its doors to women in 1837.

Johnson Sets Pace For 1958 With Revolutionary V-4

The V age finally has come to outboard boating.

Johnson Motors, the nation's leading manufacturer of outboard motors, will pioneer the revolutionary in its 1958 line when it introduces a four-cylinder, V outboard engine rated at 50 horsepower, it was announced today.

For outboard engineers the V motor has been a long sought, goal thought of as the golden apple hanging just beyond reach. It now is a commercially successful reality for the first time in history.

W. H. Jonas, Johnson director of sales, reports the new V engine provides more power in a smaller package, reduces noise, increases durability and dependability, yet can be operated at greater economy than any other outboard of comparable power. It will open new worlds of cruising to family outboard owners who want to participate in all forms of outdoor water activities.

Despite its increased power, the new V engine features an important safety factor since its lower center of gravity will make the boat less vulnerable to tipping than with other large motors. Another important feature of the new V engine will be a reduction of vibration and less exhaust noise. It also will have a shorter, stronger crankshaft that will provide a smoother flow of power, Jonas said.

In addition to two models of the new V-50s, Johnson will market a complete 1958 line of newly designed in-line motors ranging from 3 to 35 horsepower.

A new 35 horsepower motor, most powerful of the company's line last year, will be introduced with the V-50. Called the Super Sea-Horse 35, it is a completely redesigned two-cylinder, in-line engine. It is an electric starting motor equipped with Johnson's new "super quiet drive" silencing, key starting, tilt locks, fuel pump, thermostat, anti-friction bearings, lifting ring and generator attachment. Along with the Super Sea-Horse 35, Johnson will offer two other versions of this size motor at lower cost.

Rounding out the 1958 Johnson line will be a key-switch electric 18, a manual starting 18, and motors of 10, 7½, 5½ and 3 horsepower.

The 10 h. p. model, a popular fishing motor, has been reduced 7 pounds in weight through engineering improvements. It will be equipped with a push-button cut-off switch, slip clutch propeller and a device to protect propeller and shaft from fouling. The 10 also has Johnson's "suspension drive" silencing full gear shift, underwater exhaust and is fitted for remote operation.

The Sea-Horse 7½, 5½ and 3 horsepower models have been restyled for 1958 but retain all important features of the 1957 line.

Color of the 1958 Johnsons is predominantly spray white with holiday bronze trim. A new marine paint that withstands years of weathering and water-wear without fading or discoloring will be used on the entire line. Deluxe versions of the 50 and 35 are finished in gold and white with chrome trim.

In the new V engines, gasoline is fed to the cylinders by a twin-barreled, downdraft carburetor. A slip clutch will prevent broken drive pins. Electric models will have "on-off-start" key switch starting.

The V engine also is equipped with a special device to save fuel at cruising speeds; a new high capacity fuel pump; anti-friction ball,

WORLD'S FIRST V OUTBOARD has been introduced by Johnson Motors, the nation's biggest outboard engine manufacturer. A new concept in outboard motors, its four pistons develop 50 horsepower. Marine authorities say the V concept will revolutionize both the outboard industry and family boating.

roller and needle bearings; Johnson's quiet drive silencing system; balance spring that makes the engine easier to tilt; lifting ring, and a generator attachment sold as an accessory.

The V-50 has a 70.7 cubic inch piston displacement that helps make it possible for the motor to push heavy loads with little strain on essential engine parts.

Vibration and noise are reduced in the new V-50 design by balancing the driving force of the pistons. To assure correct water temperature in the cooling system of the V-50, Johnson engineers have designed a new, thermostatically-controlled recirculating water system. This will give the motor a longer life and provide for more efficient operation since water in the cooling system is maintained at ideal temperature.

Food Cost Indexes Declining as Forecasted

CHICAGO—Food cost indexes are declining as forecasted, well in keeping with seasonal increases in meat supplies, and other factors that mean more mileage for the consumer food dollar in weeks ahead.

Most pronounced effect reported in this week's University of Illinois consumer service food summary is seen in major meats, presenting a wider range of bargain opportunities. This is particularly true of

fresh and cured pork.

Hog prices dropped sharpest since last November. Wholesale costs follow suit and more retail bargains are scheduled this week, to prompt the U. of I.'s top-value rating. Beef, also lower than a week ago, is firmly entrenched in the value parade, along with continuing poultry bargains. Lamb followed the market

down to warrant value mention and retailers choose.

In the produce department, expected first-of-the-season frosts would wipe out summer values of northern sweet corn, tomatoes and other tender crops, increasing the chances of higher prices. Meanwhile, new fall supplies from a variety of sources continue volume arrival at low prices.

Groceries are generally steady with exceptions of canned meats, up a penny or two in most stores.

For specific retail food value the week ending September 28th, the U. of I. suggests:

Pork — Ham, bacon, Boston butts, rib roasts, spare ribs and chops. Beef — blade cut pot roasts, rib roasts and steaks. Lamb — Leg roasts. Poultry — stewing hens, turkey and fryers. Groceries — Pears, applesauce and coffee. Produce — Cauliflower, carrots, acorn squash, snap beans, apples (Greenings, McIntosh, Jonathan) and Concord grapes.

In pork lines, most smoked items present good promotional possibilities, especially hams with many really cheap prices expected, and hams rated by some in almost a drug-on-the-market situation. Cured lines are reflected and fresh market conditions.

Poultry remains about the same, with stewing hens in good value position. As older hens go to mar-

ket in volume, pullet eggs become shorter supplied than a year ago and higher prices result. Large eggs are higher priced in keeping with recent steady increases.

LITTLE BILL says:
6¢ a load
is all you pay—
to dry the clean
electric way

An electric dryer does a full 8-lb. load for only 6¢: 2 double sheets, 2 pillowslips, 2 bath towels, 2 face towels, 2 dish towels, 1 pair of pajamas, 2 pairs of men's shorts, 3 pairs of socks, 6 handkerchiefs, and 2 T-shirts. 25 to 30 minutes is all it takes to dry this load!

Nothing's faster, nothing's cleaner—
and electric dryers are completely automatic

COST?

ELECTRIC DRYERS

cost
\$30 to \$60 less
to buy
than any other kind

Today's modern electric dryers will dry a full 8-lb. load of wash for just six cents.

And clothes stay clean and smell clean when they're dried in an electric dryer. No fumes can ever mix with garments. Electric heat is clean, dry, radiant heat—just like the sun.

It takes only 25 to 30 minutes to dry a full load of cottons electrically. This means your dryer will easily keep up with your automatic washer.

All electric dryers are fully automatic. No complicated igniting devices to get out of order.

And, as your electric appliance dealer will tell you, electric dryers cost less than any other type.

Eighteen members of the V.F.W. Auxiliary and four guests attended a dance at Downey Tuesday, Sept. 17. The dance was sponsored by the Auxiliary. Sandwiches and coffee were served at the close of the dance.

Wednesday, Sept. 18 an orientation or school of instruction was held at Downey with 14 VFW Auxiliary members present. Doctors spoke on many entertaining subjects and films were shown.

Mrs. Ann Nelson and son, Arthur, returned from an eight day visit on the east coast. They visited in Maine, New York, and many more interesting places on the way home.

Mr. and Mrs. Fred Bartlett, Jr., and daughter, Carla, were visitors at the home of Mr. and Mrs. Victor Simonsen of Antioch last Sunday.

Brian Ladewig was ill at his home a couple of days last week.

Mrs. Marion Mobile of Lake Bluff was a visitor at the Bernard Schneider home last Saturday.

Walter Schneider, Sr., left Sunday for a vacation in Canada.

Melvin Skinner of Allendale was a visitor at Joliet last week.

Richard Gandy and Robert Matthews stationed at the Marien base at Camp Pendleton, Calif., are home on leave. Richard is visiting the Ernest Porters and Robert is spending his leave with his parents.

Mr. and Mrs. Bernard Schneider attended the wedding of Sharon Hendee and Robert Welch Saturday afternoon at the St. Joseph's Catholic church of Round Lake. They attended the wedding dinner at Smart's Country Club and in the evening open house was held at the home of the bride's parents in Round Lake.

Mr. and Mrs. Arthur Haley of Stone Bank, Wis., was a visitor at the home of Mr. and Mrs. Walter Schneider, Sr., last Thursday. They also were visitors at the home of

This WEEK'S U of I MARKET BUY

Continued declines in livestock market prices present wider range of bargains for fresh and cured meats. Bacon much lower priced, keynotes new values in pork both fresh and cured. Lamb prices quoted much lower. Poultry meats are still top value, low priced. Canned meats price slightly higher in most stores. Egg supplies continue lower, prices higher than year-ago.

Top Retail Food Values

San Lazzaro Isle Cultural Center For Armenians

WASHINGTON — Gazeteers tell San Lazzaro's story in a few terse words: "Small island in the Lagoon of Venice."

To Armenians throughout the world, however, San Lazzaro is a fragment of the lost homeland. This bit of Italian soil is a center of their heritage and culture, and one of the richest treasures of Armenian knowledge in the western world.

Living on the tranquil islet are the Armenian Mechitarists, an order of scholarly monks who collect, translate, edit, and publish works about Armenia.

Reddish buildings of the monastery rise from the glassy blue lagoon. The library holds more than 35,000 volumes, including every known book about Armenia and Armenians. It preserves Armenian translations of world classics, and more than 2,000 priceless manuscripts dating from the 5th century, the Golden Age of Armenian literature.

Almost any shred of Armenian fact or lore can be found there, perhaps a 3,500-year-old recipe favored by the ancient gourmet, King Shara. Or the origin of a popular proverb such as, "Whether I eat or not I shall have the fever, so better eat and have the fever!"

San Lazzaro is the creation of a learned priest, Mechitar the Comforter, who founded the Catholic monastery on the site of an old leper colony in 1717.

Time seems to have stood still here. The church lifts its curious onion-shaped tower above the sunny cloisters and terraces. Gardens remain cool and green with vines, fig trees, oleanders, almonds, and cypresses.

Trees Are Part Of Our Heritage

NEW YORK—America's independence is aged in the wood, too, if the tradition of Liberty Trees is any indicator.

Even before the Revolutionary War, the English settlers brought to this country the custom of gathering under village trees to discuss public questions. Providence, Boston, Newport and New York planted trees as symbols of liberty. In fact, Providence dedicated an elm to the Sons of Liberty as far back as July 25, 1786.

One of the cherished surviving Liberty Trees is the giant tuliptree on the St. John's College campus, Annapolis, Md. It already was a giant when the colonies were fighting for their freedom in 1776. A tablet was placed on the tree in 1908 commemorating it as a memorial to the Unknown Soldier of the Revolutionary War. This monarch is still thriving although one-third of the trunk is gone and filled with concrete.

Another famous Liberty Tree is the one near Clinton, Pa., under which the famous Tiaogaunt Creek Declaration of Independence is said to have been signed at the same time the Declaration of Independence was being signed in Philadelphia by the founding fathers.

Survey Reveals High Diphtheria Threat

CHICAGO—Nearly half of the new students entering the University of Minnesota in one year were not immune to diphtheria in spite of a long-time statewide program of diphtheria immunization, it was reported today.

Three university researchers said that 47.2 per cent of 2,899 students entering the university in the fall of 1954 responded positively to the Schick test. A positive reaction to this skin test indicates susceptibility to the disease.

The researchers also found that adults can be inoculated against the disease without suffering severe reactions. The likelihood of

such reactions has long been a deterrent to the routine inoculation of adults.

Their study, reported in the Journal of the American Medical Association, substantiates other studies which show a high degree of susceptibility to diphtheria in the adult population. It also indicates the need for and the safety of routine inoculation of all students entering college, they said.

The percentage of positive Schick reactions was significantly higher in those students 20 years of age and over than in those under 20 years. It was also higher for men in the age group 20 to 24 than for women in the same age group.

Flying Railroaders
TRAUNSTEIN, Germany — A railroad engineer and fireman were each sentenced to prison terms here for driving their train while drunk.

The two men, who drew sentences of 18 months and one year respectively, pleaded innocent, said they were only trying to make up some lost time.

EDDIE the EDUCATOR says

More 16 and 17 year old non-hi graduates are unemployed than any other group. High school graduation will help them from being ill-abilities.

Woman Enjoys Her Job of Teaching About Shoplifters

ALLENTOWN, Pa.—A Bronx woman has what is probably the oldest job in the world... she is a professional shoplifter... and her duties are to visit a large department store a couple of times a week and see exactly how many items she can steal in the store. It's all part of a training program instituted at the store to train co-workers to be on the lookout for shoplifters.

She is Mrs. Mary Dragoti, attractive wife of a locksmith and mother of a 14 year old boy and 8 year old girl.

In the training program inaugurated by Max Hess, Allentown retailer, Mrs. Dragoti instructs store employees in the devices and tricks used by shoplifters and wears a mask in her classes for security purposes. As part of her course, she wanders undiscovered through the store utilizing her skill and if any store employee catches her in the act of "shoplifting," they receive a reward from Max Hess.

Starting her department store career as a salesgirl, Mrs. Dragoti was quick to spot shoplifters pilfering merchandise from her firm. Her keen sense of detection was responsible for her being promoted to the post of store detective by her employer. Recently, she became "professional shoplifter" working in the interest of Law enforcement.

Foreign Trade In Free World

The vital importance of international trade to the Free World is shown in figures compiled by the Bank for International Settlements. Of the eight countries surveyed, the Netherlands was most dependent on foreign trade, with imports the equivalent of 47 per cent of its gross national product in 1956 and exports 30 1/2 per cent.

Comparable ratios of about 20 per cent or more were reported for Sweden and Switzerland. For the United Kingdom, imports represented 19 per cent of gross national product last year and exports 16 per cent. France, Western Germany and Italy showed comparable ratios of 10 per cent or better. By contrast, the proportions for the United States were just over 3 per cent for imports, and some 4 per cent for exports, indicating America's greater self-sufficiency and the predominant role the domestic market plays in the U.S. economy.

Married Suffer Least From Heart Disease

NEW YORK—Coronary heart disease, the commonest form of heart disease today, is least frequent among young married women, among persons living in the rural part of the southern states, and among those who have no history of premature death or occurrence of heart disease in the family.

A study of recorded mortality from heart disease by statisticians reveals variations according to age, sex, weight, race, marital status, geographic region, and other factors.

Up to age 45, the death rate from heart disease runs up to 6.6 times as high for white men as for white women. The ratio decreases progressively with advance in age, until at ages 85 and over, the rates for the two sexes among white persons are about the same. Among non-whites, the sex differences are much smaller, and do not vary much with age.

Heart disease death rates are significantly higher for the widowed, the single, and the divorced than for the married. It would appear, therefore, that the factors associated with married life—selectivity of marriage and the more favorable environment of the married—influence the level of mortality from the disease.

Traffic Accidents Kill More Than Korean War

Motor vehicle fatalities in the first half of this year resulted in a record 22,000 life insurance death claims, representing \$54,000,000 of aggregate death benefits, the Institute of Life Insurance reports.

This was \$9,000,000 more in benefits and 1,000 more claims than a year ago and appears to assure that the 1957 total of claims will exceed \$100,000,000 for the first time. The number of claims this year will add up to more than aggregate battle deaths of U. S. armed forces in the three years of the Korean War, according to the Institute.

Bashful Beauties

WHITESTABLE, England—The job for the judges became more simplified here when fifty of 62 beauty contestants dropped out of the contest at the last minute because they were too shy to go on the stage and be judged.

V.F.W. Softball Team Winners Over American Legion

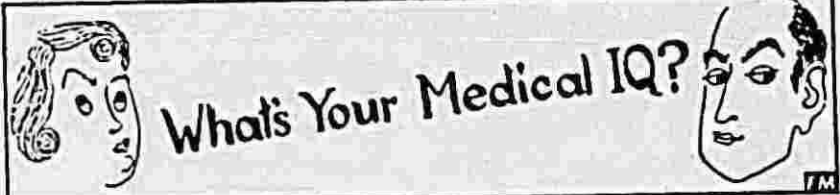

Antioch V.F.W. members challenged the American Legion to a soft ball game and then made good their promise they would beat them. Members of the V.F.W. team are, left to right, front row—Richard and Virgil Burnett, Herbert Carty; standing—E. Palinski, Fred Gasm, Jim Mueller, Bob Strang, Austin Kerston and Bob Hansen.

Legion Softball Team Has Good Looks If Not Ability

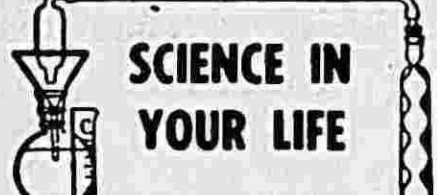

Although they lost by a close score (football scoring considered) the American Legion has something that the winners, the V.F.W. softball team couldn't produce and that was a good looking pitcher. Lifting the morale of her team shown here (center holding ball) is Lorraine Pape, whom her teammates say knows her pitch. At her right is Dr. G. W. Jensen, one of the younger older members. Other members are, left to right, first row—Jim Passy, Lester Eddy, George Swenson, Nick Gilio; back row—Herb Litchfield, W. V. Latti, Art Hanke, Otto Hanke, the father, and Henry Pape.

How much do you know about your body, about things that make you sick? How about medicine that makes you well? Here's a quick test of your medical I.Q. 9 or 10 correct answers, excellent; 7 or 8 correct, average; under 7, check your pulse.

1. Many thousands of Americans are expected to come down with Asiatic influenza throughout the fall and winter months. Influenza is caused by: bacteria, virus, anxiety, houseflies.
2. Thirty-two teeth make up a full set of adult or "second" teeth. A set of "baby" teeth numbers only: 16, 20, 24, 28.
3. A stimulant used in heart failure comes from the leaves of one of the "foxglove" plants. The name of this drug is: Phenobarbital, Digitalis, Sodium chloride, Lanolin.
4. When body temperature rises above normal, it often signals the onset of infection. Normal body temperature is: 98.6°F, 100°F, 86.9°F, 72.3°F.
5. Rubella is a contagious disease which has no serious after effects except when it strikes expectant mothers. The common name for Rubella is: Pneumonia, Parrot fever, German measles, Mumps.
6. Scientists believe a diet over-rich in a fatty substance called cholesterol may lead to blood vessel damage, heart attacks and strokes. A medicine used to counteract high cholesterol in the blood is: Cortisone, Linodoxine, Belladonna, Acetophenetidin.
7. Penicillin was discovered through a fortunate accident in a London laboratory. The name of the scientist who discovered penicillin is: Albert Schweitzer, Robert Boyle, Joseph Lister, Alexander Fleming.
8. Vitamin C helps build strong teeth and bones. Of the following foods the richest source of vitamin C is: cottage cheese, liver, eggs, oranges.
9. Athlete's foot, also known as ringworm, sometimes results from walking barefoot on moist floors. This disease is caused by: iodine deficiency, a fungus, strong sunlight, a worm.
10. The human voice is produced through a hollow chamber at the upper part of the windpipe. The medical name for this "voice box" is the: Larynx, Thyroid, Trachea, Pharynx.

Answers to medical quiz:
1. Virus
2. 20
3. Digitalis
4. 98.6°F
5. German measles
6. Cortisone
7. Penicillin
8. Oranges
9. Fungus
10. Larynx

Eating And Arteries

Atherosclerosis, reportedly responsible for more than 200,000 deaths each year in the U.S., used to be regarded as an inevitable result of old age. Fatty substances collect inside the walls of arteries in much the same way as grease collects in the drain pipes of sinks over the years—with comparable results.

Recently, however, more and more scientists are questioning its inevitability. Dr. Ancel Keys of the University of Minnesota, Dr. Hugh Sinclair of Britain's Oxford University, and other researchers, believe we eat too much animal (saturated) fat and too little vegetable (unsaturated) fat. This fat imbalance in the bloodstream, they suggest, gives rise to rough, thickened arteries—the condition called atherosclerosis.

Slowing the flow of blood through the "pipes" that feed the heart, brain and other vital organs, may lead to formation of blood clots in the arteries. When these clots block the flow of blood to an area of the brain or heart, a coronary attack or paralytic stroke may follow.

The signal that tells the physician that fat balance has been upset is an increase in the blood of a fatty substance called cholesterol. In the past, persons with dangerously high blood cholesterol were often put on low-fat diets.

If the balance theory is correct, simply cutting down on butter and animal fats may not accomplish anything, unless there is a corresponding increase in the intake of special vegetable fats.

One rich source of so-called "essential fatty acid" is linoleic acid, the oil of the safflower plant. This substance, together with pyridoxin (vitamin B-6) has just been made available as Linodoxine, an orange-flavored emulsion that helps restore the fat balance in the bloodstream.

Linodoxine was found effective in reducing high blood cholesterol levels in 80 per cent of patients recently studied by Dr. Jerome J. Van Gasse. No attempt was made to control the diet of these patients during the study. They were simply given three tablespoons of Linodoxine a day.

Atherosclerosis is now one of the major causes of medical research. In addition to the deaths attributed to it—one out of every seven—atherosclerosis is believed to be the most common disease in the United States.

Paul Magiera, reserve player on the Antioch High School football team, suffered a broken leg in practice last Thursday and was taken to St. Therese hospital by the Antioch Rescue squad.

More Cars Registered This Year in Illinois

Springfield, Ill., Sept. 24—Motor vehicle registration for the first eight months of 1957 has passed the record mark for the entire 12 months of 1956, Secretary of State Charles F. Carpenter reported today.

At the end of August, registrations stood at 3,557,983, as compared with the 1956 total of 3,545,305, an increase of 12,678, Mr. Carpenter said.

For the eight month periods of the two years, the increase amounts to 110,411, he added.

While passenger car plates bearing number above 3,000,000 may be seen on cars at present, registration of passenger cars totalled 2,991,722 through August, Secretary Carpenter said. This results from the necessity of maintaining separate supplies of plates at Springfield and Chicago for over-the-counter distribution, he explained.

Comparative figures at the end of August for the two years are:

	1956	1957
Passenger cars	2,905,234	2,991,722
Trucks	411,477	423,051
Buses	1,071	1,050
Trailers and Semi-trailers	99,107	110,779
Motorcycles	21,997	22,501

James Bruski, who underwent surgery at the Victory Memorial Hospital two weeks ago came home Saturday and is recuperating at his home.

Mr. and Mrs. Ernest Westlund were called to Garden City, New York, due to the death of Mrs. Westlund's mother, Mrs. George Hawkins. Mr. Westlund and son, Ernest returned home Friday and Mrs. Westlund and daughter, Carol remained for a visit.

Salem Board Votes Loan

The Salem Central Board of Education recently borrowed \$130,000 on a short-term loan to finance the operation of the school until tax money is available.

The board also approved the use of the all-purpose room as a meeting place for the 4-H program. The board extended an invitation to other schools to share in the sponsorship of this county activity.

It's Only Money

"Inflation has weakened the U. S. dollar, which formerly was in a class by itself. Traditionally, the Canadian dollar, now worth 1.04 1/2, was worth less than U.S. coinage. The phrase 'It's only money,' now applies to the Washington variety as well as to that of most other nations."—West Frankfort Daily American.

"All wisdom is not new wisdom, and the past should be studied if the future is to be successfully encountered."—Winston Churchill.

"Plastic water-pipe ends can be warmed to make it easy for the couplings to be put in place for connecting two sections together. To do this, use a portable gas camp stove, taking it right down in the field where the pipe is to be laid, suggests the July issue of Successful Farming magazine. Heat a container of water and put the two pipe ends in the hot water for a while. Connections can then be set in place with no trouble at all. The stove can be moved along as needed, making the job much easier.

Hurt in Car Crash

Vincent Stonis, Jr., 6, son of Mr. and Mrs. Vincent Stonis of Rte. 173, suffered a slight brain concussion last Saturday afternoon when the car driven by his brother, James, 19, collided with another automobile on Lake st., throwing Vincent against the windshield. He was taken to St. Therese hospital by the Antioch Rescue squad, and made such rapid improvement that he was brought home Monday.

Falls From Ladder—Hurt

Mike Himens, 67, Antioch carpenter, suffered fractured ribs when he fell from a ladder at Lake Shangri-la late Tuesday afternoon. The Antioch Rescue squad took him to the Antioch clinic where he was given preliminary care and then taken to Victory Memorial hospital.

Twelve Navy ships steamed 300,000 miles during Antarctic Operation Deep Freeze Two.

According to American Waterways Operators, Inc., coal river traffic has risen 26 million tons between 1947 and 1955 and now exceeds 100,000,000 tons a year.

Now He Is An American Citizen

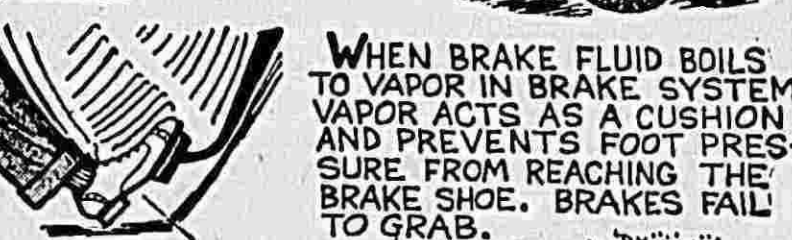

David James Francisco, and his mother, Mrs. D. E. Francisco Jr., study the certificate which makes him legally an American Citizen. Born in Okinawa while his father was stationed there, the youngster was a boy without a country until the legal steps were taken to make him a United States citizen. His birth certificate still doesn't bear his name and this must be rectified. Other Air Force parents have the same task. CWO Francisco is commander of the radar unit at O'Hare Field. He and his family reside in Antioch. Mrs. Francisco was the former Barbara Morrow Ott of Waukegan.

AUTO SAFETY TIPS

WHY BRAKES FAIL:

EXTRA POWER IN MODERN CARS RAISE BRAKE TEMPERATURES PAST THE BOILING POINT OF SOME BRAKE FLUIDS.

ONLY S.A.E. SPECIFICATION HEAVY DUTY BRAKE FLUID HAS SAFE BOILING POINT OF 300°F. OR HIGHER.

DAWSON'S FLUIDS ARE OUTLAWED IN 10 STATES: MINN., CAL., N.J., N.C., S.C., GA., ARK., TENN., TEX. & OKLA.

BE SAFE—USE S.A.E. 70R-1 HEAVY DUTY BRAKE FLUID

Mr. and Mrs. Frank Zarnstiff St., attended the wedding of Mr. and Mrs. Marvin Marzhal, Woodstock, Illinois, Saturday.

Health Talk

The Rest is Up to You!
How illness, like the so-called "Asiatic Flu", affect you and your family may well depend on you and your habits of health, according to the Medical Department of The Equitable Life Assurance Society.

Your general physical condition and habits of living are often determining factors in how you come

through a bout of illness, Dr. Norman C. Kiefer, Chief Medical Director of The Equitable, said today. A sound and moderate approach to the fundamentals of good health is necessary. For example, are you and your family getting enough sleep and rest, and regular exercise? Eating balanced meals for daily stamina and energy? Practicing the rules of cleanliness? Attending promptly to medical and dental needs?

Each of these principals for better health has a long history of investigation, accumulated knowledge, and unanswered questions. Take rest and sleep. Though its basic mysteries are still unknown, certainly everyone — from ancient Greek poet to present-day physiologist — has recognized how important sleep can be to a feeling of well being and general health. Scientific studies have not yet revealed what causes sleep — whether it is produced by a "sleep center" in the brain, a decreased flow of blood to the brain, or sleep-producing chemicals, to mention a few of the

theories. Investigation does show, however, that the simple act of chance to rest up, time to recuperate from strain and stress.

But what is enough sleep? It varies from individual to individual. One way to tell if you are getting enough sleep is to answer the question, "Does your sleep really rest you?" If you feel so reluctant to get up that you can talk yourself down with something and ought to stay in bed all day — take a closer look! Sometimes, your closer look might show that you are ill and ought to stay in bed. But unless you are ill, if this sort of thing happens to you often, it may mean that you aren't getting enough restful sleep. And if you aren't, you should take a closer look, too, at the possible reasons why.

For instance, you may have slept enough hours, but without some fresh air in the room, or in an uncomfortable bed, perhaps with a sagging or too-soft mattress. Or perhaps you went to bed too strained and tense from yesterday's ac-

tivities to relax fully for most of the night.

Many people find a regular routine for bedtime helps them to get to sleep quickly and to relax more. A prolonged tepid tub bath often soothes a tired body and irritates nerves and is a pleasant and relaxing pre-sleeping custom. (Some children are stimulated, instead of soothed, by a bath before bed. When this is the case, bedtime can come earlier and a quiet story-time just before sleep.) You may or may not like a hot drink before bedtime,

but if you are a problem sleeper, it may be better to choose a non-stimulating one like warm milk. A firm mattress, smooth sheets, and unwrinkled but not too tight blankets — when you need them — all help. In addition, you might make sure that your bedroom is quiet and dark.

Setting the alarm a little earlier may help too. If you allow time both for dressing and for a good breakfast, you're likely to find the day goes better. And a well-paced day will make sleeping easier.
